

WE SEE THE **FUTURE** IN **YOU**. MASTER OF HEALTH INFORMATICS (MHI) ONLINE

All courses in the curriculum are offered fully online, except for the MHI 650 course.

The MHI online program is accepting applications for fall 2024. We encourage you to ensure your availability for a face-to-face 6-week paid internship in summer term A (May-June 2025). The program does not pay for tuition and fees.

- ♦ Earn your Degree While You Work: Online delivery can enable you to balance job and other responsibilities with

DEPARTMENT OF NURSING AND ALLIED HEALTH

Our consortium partners are Virginia Department of Health (VDH) and Hampton Roads Community Health Center (HRCHC). Our partners will be providing the face-to-face internship experience in Health Informatics. They will place students in various cities across the State of Virginia. There is no guarantee that students will be placed in the city where they reside. Students must be prepared to undergo background checks prior to the internship.
