

# Ten Steps to Success

- 1 Student makes his/her initial visit to the Praxis Lab.
  - Completes a data/demographics form
  - Receives a personal folder that contains an in-lab tracking sheet
  - Provided with a personal folder to hold all testing material and resources
- 2 Student meets with Project Coordinator or Assessment Readiness Technician to determine course of testing. (Test is administered)
3. Test results are discussed.
  - A passing score results in step (4) on to the next test.
  - A failing score results in step (5) remedial training, tutorial and an IP.
6. Student retakes failed test and the end of the intervention process, or moves from step (4)
7. Student takes the second test or returns to step (5).
8. Student takes final test or returns to Step (5)
9. Student participants in a test-taking skills workshop prior to registering for the official exam.
10. Pass the test and get a t-shirt.
