Endorsements

“The teachers and director look at each child as an individual, with their own strengths and needs. Our daughter learned so much and always shared with us the great activities that went on each day at "school!" Thank you to the NSU Child Development Lab for an incredible early childhood curriculum that engages and teaches at all steps of the day.”

*Claudell Clark & Jackie Nicholson*

“My daughter attended NSU’s Child Development Lab for two years and she thoroughly enjoyed the learning experience. The teachers were friendly, yet professional and prepared her well for Kindergarten. Now, in the third grade, she still asks to visit and say hi to the staff. It was a great early childhood experience.”

*Dr. Khadijah O. Miller*

“I love coming to this place (NSU Child Lab), grandmother.”

*Audriana (Granddaughter of Dr. June Montgomery)*

“This is the best school around. I am so grateful for the time and support they have given to my family”

*Nikita Crissinger*
