A Warm Welcome Awaits You!

Dear Parents:

We are pleased to provide you with a copy of the Norfolk State University Preschool Academy’s Parent Handbook. Our Program is contained within the Department of Early Childhood/Elementary and Special Education. We are a full service, full-time program serving children ages 2 ½ through 4 ½ years old.

Strong communication between the home and school is very critical in securing needed support for every child to be successful in their educational pursuits. We have included important information regarding your child’s school life, such as policies and regulations which govern the operation of the program. Please take time to become familiar with these along with our mission, philosophy, goals and curriculum.

If you have any questions or concerns about the information included in the Parent Handbook, please feel free to stop by or call the administration office at (757) 823-8111. We welcome your thoughts and comments about the handbook and hope that this academic year will be very successful. Keeping the lines of communication open is the first critical step in ensuring student success.

We also welcome your active involvement in daily school functions and activities which are designed to enhance the learning experiences of the children. The research across the nation is clear; schools that have strong parent support and involvement have higher levels of student achievement. Again, we wish you and your child a very successful school year and we will do our best to ensure that success.

Sincerely,

Faculty and Staff
NSU Preschool Academy
The Staff

Our staff and teachers are highly qualified and trained professionals. Their education and experience shows evidence of the University’s commitment to provide the highest quality service to young children and their families. Some senior level and graduate students from the Department of Early Childhood/Elementary and Special Education fulfill their student teaching or practicum experiences at the program.

PROGRAM DIRECTOR
Mrs. Navine P. Fortune: M.Ed. Teaching & Learning, Early Childhood Education

TEACHER – Preschool
Ms. Lisa D. Garcia: B.S. Early Childhood Education

TEACHER – Pre-Kindergarten
Ms. Myeshia Womack: B.S. Early Childhood Education

TEACHER – Pre-Kindergarten
Mrs. Karen Glover: B.S. Human Services
The School Program

Mission Statement

The mission of NSU Preschool Academy is to build brighter futures for children by promoting high quality early education and care while maximizing their highest potential and creating lifelong learners.

Philosophy

The NSU Preschool Academy is committed to support developmentally appropriate practices to meet the needs of young children. It is the school’s philosophy that children:

- Learn through concrete and sensory experiences that are tangible and child-focused.
- Need and deserve a creative and stimulating atmosphere and environment conducive for learning.
- Need a nurturing staff who understands and promotes activities that meet their social, emotional, physical, psychological and intellectual needs.
- Need developmentally appropriate materials and supplies to nurture a variety of learning styles.
- Need research based and developmentally appropriate experiences that are stimulating and child-focused.
- Need activities that are geared to the individual ages and learning styles of each child.

In general, the school assures through this philosophy that learning experiences will be hands-on and children will be exposed to the child-focused learning experiences described in the above statement.

Goals

It is the goal of the NSU Preschool Academy to assist each child in developing:

- A sense of self-worth.
- Individual learning styles.
- A sense of independence.
- The “whole” self.
- An awareness and appreciation of their own and the cultures/life styles of others.
Objectives

The NSU Preschool Academy will assist children to be successful with the following:

- Making choices, solving problems and listening with understanding.
- Initiating and carrying through with a variety of learning experiences.
- Participating independently in daily activities.
- Participating socially with other children.
- Developing habits and attitudes that promote and maintain an interest in learning.
- Developing good language skills through stories, games, songs and positive communication with peers and adults and gain competence in their home language as well as in a second language.
- Learning/play experiences with sizes, shapes, measuring, comparing, one-to-one correspondence and rote and rational counting.
- Developing fine motor skills through manipulating small objects, table puzzles, blocks, pegs and art activities.
- Developing gross motor skills through activities and equipment that includes: pulling, climbing, pushing, throwing, running and riding.
- Developing creative expression and appreciation for art and music through a variety of art, music, building blocks, sand and water activities, creative dramatics, computer and technology.

Curriculum and Instruction

Curriculum and instruction at the early childhood level reflect a developmental approach that is centered on concepts, skills and processes in individual subject areas. Each child is viewed as a unique person with an individual pattern and timing of growth. Curriculum and instruction are responsive to individual differences in ability and interests. Different levels of ability, development and learning styles are expected, accepted and used to plan and design appropriate learning experiences for each child.

Our Curriculum is based on Core and Stream Skills, Virginia’s Foundation Blocks for Early Learning: Comprehensive Standards for Four-Year-Olds, and NAEYC guidelines to provide the framework for what is to be taught at each level. STREAMin3 is a comprehensive curriculum that focuses on 5 Core Skills that form the building blocks for later learning and 6 STREAM Skills to prepare your child for success in kindergarten and beyond. The curricula used emphasize basic skills and are rich in informational facts, along with problem solving and decision making techniques. Our eclectic curriculum provides meaningful, child-centered experiences that are geared to children’s interests, as well as their developmental, and cultural needs. The teachers provide materials and interactions to simulate the emergence of children’s ideas and understandings. As the children engage with the materials provided, the teachers observe, offer guidance, and use data to individualize instruction.
Accreditation and Licensing

The NSU Preschool Academy is accredited by the National Association for the Education of Young Children (NAEYC) – the nation’s leading organization for early childhood professionals. The NAEYC’s effort is to improve quality of early childhood education programs.

Our program is licensed by the Virginia Department of Social Services for child day center program. Licensing assures parents that program provides sound supervision, protection, and well-being of children.

Standards for licensed child day centers require the program to meet all applicable guidelines for operation. Compliance with standards is determined by inspection report produced by the licensing inspector within the Department of Social Services Licensing.

Our program also participates in Virginia Quality Program.

Operating Hours

The school is open from 7:30 a.m. to 5:30 p.m. We encourage that your child arrive by 9:00 a.m. to receive full benefit of the program.

The school closes at 5:30 p.m. and children must be picked up before the closing time. There is a late pick-up charge of $1.00 per minute during the first five minutes after 5:30 p.m. and $5.00 for each additional minute after 5:35 p.m. The charge is due within 3 days.

If your child is picked up late more than three times over the course of the fiscal year, the school reserve the right to terminate your child from the program.

In the event a child is still at the school at 6 p.m. and we are unable to contact the parent or authorized emergency contacts, we will alert the police and Virginia Department of Social Services.

Child will be released to only authorize individuals listed on Authorized to Pick-up List, on the Emergency Form.

Regulations and Procedures

Admission/Placement

Admission to the program is open to faculty, staff, students and community families. Parents who are interested in enrolling their child at the Preschool Academy should complete the forms in the registration packet and submit to the Preschool Academy. The registration fee of $75.00 (non-refundable) must be submitted with an enrollment packet. Admissions are based on availability of spaces, age and developmental readiness for the placement. Parents will be contacted when a space is available for their child and will be given a 72 hour window to accept or decline the acceptance to admission.

Enrollment Requirement

Immunizations must remain current and the medical form must be renewed annually.

- All required documents in registration packet must be completed prior to admission. All other necessary forms will be given to the parents during the orientation to complete.
- Submit one time non-refundable registration fee of $75.00 with registration form.
- Fully toilet trained. Pull-Ups (training pants) are not permitted.
- Between the ages of 2 ½ to 4 ½ by the beginning of academic school year.
- Proof of required immunizations.
- Provide original copy of the birth certificate.
- A copy of a School Entrance Physical form completed by physician not earlier than twelve months prior to enrollment.
- Orientation prior to enrollment to ease the transition and review all documents pertaining to school.

Waiting List Policy

The purpose of the Waiting List Policy is to ensure that a fair process is followed and communicated to all involved. When the Preschool Academy receives an application for admission, Preschool Academy administration files the application on the waiting list.

The waitlist is organized using the following information:

A. Registration date
B. Space Required date
C. Age group
   1) Preschooler (3 yrs.)
   2) Pre-K (4 years onwards)
D. Priority group
   1) Children already enrolled (e.g. part time waiting for full time)
2) Siblings of children already enrolled
3) Children of staff working at NSU
4) Children not affiliated with NSU

When a space becomes available within the NSU Preschool Academy, administration assigns the space to the first child on the waiting list. NOTE: The NSU Preschool Academy’s Program Director reserves the right to manage the waitlist in the best interest of program.

Waiting Times:

It is impossible for us to predict how quickly our waiting list will progress. Therefore, we cannot give an approximate entry date.

When a space is available, every effort will be made to contact the parent through telephone or email. Telephone or email notification must be returned within 5 business days after which, we will contact the next family on the list. Parents who decline a space or do not return notification within 5 business days, will be removed from the waiting list.

It is vital that the parent ensure all information is current. If the offered space (required date or days) does not meet your criteria and you subsequently decline, you will remain on the waitlist as is. Please let us know if you find alternative care and would like your name removed from our list.

Returning Parents:

Returning parents will not be given priority. Current parents who withdraw their child/children from the program for an unspecified period, must re-apply for admission.

During the month of April, all current parents will have the opportunity to enroll their children for the summer program and upcoming school year.

**Orientation**

The NSU Preschool Academy aims to foster a smooth transition from home to school. Orientation is an important process for children, parents and staff. It enables the children to become familiar and comfortable with their environment and gives an opportunity for parents to meet the staff and ask questions. It also allows the staff to develop relationships with the children and gain information regarding children and their families. We recommend that all new children have the opportunity to become acquainted with their environment, teachers and staff before their first day of school.
Tuition and Fees Policy

The NSU Preschool Academy operates primarily from the funds generated by the tuition paid by the children enrolled. It is therefore imperative that all fees be paid in full and on time. The program operates 11 months, from September through July, which includes the optional Summer Session during the months of June and July.

1. The tuition for each school year is assessed on an annual basis. It is payable in eleven (11) payments of $600.00 for full time and $400.00 for part time each month. Each monthly payment can be paid twice a month with authorization from the Program Director. The payment cannot be broken down more than twice a month and postdated checks are not accepted.

2. The $400.00 per month part time care service is consist of:
   - Child is allowed to attend up to 25 hours per week included snacks and lunches.
   - Three full days per week (Monday, Wednesday and Friday) or
   - Half day (8 am – 1 pm) five days a week.

3. Monthly tuition fee must be paid on the first school day of each month.
   A. Once a month payment:
      - The full month payment must be submitted within five days of the due date.
      - The late charge of $40.00 will be applied to the tuition after the five days grace period.
      - Child will not be admitted to the program if the payment has not been submitted after the five days grace period.
   B. Twice a month payment:
      - The parent who submits payment twice a month must submit first payment on the first school day of the month.
      - The second payment must be submitted within two weeks from the first payment due date.
      - There will be no five day grace period for the second payment.
      - The late fee of $40.00 will be applied to second payment the day after second payment is due.
      - The child will not be admitted to the program if the second payment has not been submitted on the due date.

4. Tuition discount of $50.00 for the second child for the multiple children enrollment.

5. The payments can be made with personal checks, certified checks, cash, or money orders. Postdated checks will not be accepted.
6. A non-refundable registration fee of $75.00 is required at the time of enrollment for each child.

7. An activity fee of $85.00 for the fall and spring semester is due in September.

8. A Summer Activity fee of $90.00 is due in May for each child enrolled in the summer session.

9. Activity fees will cover all admission charges for the fieldtrips and scheduled/unscheduled special activity costs.

10. If a parent submits the payment to the Cashier’s Office directly, the copy of receipt must be presented to the Program Director or the child’s teacher. A copy of the receipt will be filed to verify tuition payment.

11. Tuition payment checks must be verified through the university’s check authorization system.

12. Checks declined through check authorization system will be returned to the parent.

13. All parents must provide their Driver’s License information in order to process checks.

14. Parent(s) or Guardian(s) of a child must sign the Tuition and Fee Agreement at the time of enrollment.

15. There will be a charge of $50.00 for all returned checks and parent will not be permitted to submit personal checks for future payments.

16. Norfolk State University employees may pay tuition directly at the Cashier’s Office (submit receipt to program director).

17. Referral Incentive:
   The New Student Referral Incentive Program is for parents or guardians who are currently paying tuition to our program.
   
   a. $50.00 incentive credit towards one month of tuition payment for each new family who commits to enroll for the entire year with all fees current.

   b. The current family refers by filling out and submitting the referral form. Upon receipt of the form NSU Preschool Academy will contact the prospective family.

   c. The prospective family must enroll in the NSU Preschool Academy and must remain for the school year with all fees current.
d. Tuition referral credit consideration is limited to the referral of new families never before enrolled at the NSU Preschool Academy.

**Communication with Parents and Guardians**

Open House, Parent Group meetings, school newsletters, e-mails and brief notes or telephone calls are important components of the communicating system. Additionally, the “Parent Board” outside the Preschool Academy’s door contains vital information. Parents/Guardians and teachers exchange useful information through these procedures. In many instances, a quick phone call or short note can alert the teacher or parent to a possible problem or clarify some misunderstanding. Informal reporting practices strengthen the bonds between home and school.

**Open Door Policy/Visitation**

The NSU Preschool Academy promotes an “OPEN DOOR POLICY”. Parents/guardians may visit their children any time they wish. We do ask parents/guardians who plan to visit their children to follow the classroom routine, to avoid disturbing classroom schedules and activities. If you wish to meet with the Director or a staff member, please make an appointment so that arrangements can be made. Parent/guardians are not only welcomed, but also highly encouraged to volunteer and become involved in the program.

We welcome brief visitation from previous enrolled children. We want children to continue the relationship and connect with their teachers. However, the visitation cannot be longer than 30 minutes to prevent interference with the class schedule and to meet our licensing requirement. Parents/Guardians must remain with child during the visit. The NSU Preschool Academy is licensed for the preschool age children and can only provide the care for the children who are currently enrolled.

**Attendance and Tardiness**

Regular and prompt attendance is necessary for your child to maintain satisfactory progress. Illnesses of the child, death in the family, exposure to contagious disease or religious holidays are reasonable absences. Please notify the administrative office (757) 823-8111 if your child is absent.

Our instructional day begins at 9:00 a.m. and we encourage children to be on time to receive instructions for morning activities. Excessive tardiness or absenteeism may result in removal of the child from the program. **9:30 a.m. is arrival cut-off for admittance.** Doctor appointments require a return to school note after 9:30am.
Change of Information

Any change of information (name, address, telephone numbers – home, business, cell, emergency contact persons, job, persons authorized to pick child up) during the school year should be given to the administrative office. Parents enrolled in NSU are asked to provide a copy of their current class schedule and to notify the school of any changes. Emergency cards must be maintained with current information.

Evaluations and Assessments

Age appropriate evaluations and assessments are given by each child’s teacher to establish developmental progress. Some assessments are designed to identify specific areas in which children may need additional assistance. The assessments are administered three times per year.

Other evaluations and assessments are administered throughout the year based on children’s needs, interests and progress. Evaluations/assessments may include, but are not limited to work samples, projects, checklists, home activities, and observations.

Interim progress reports are designed to inform parents of their child’s academic and developmental progress. Progress reports are distributed three times during the school term.

All teaching staff who will be assessing children will receive training on procedures for implementing the High Scope and the Creative Curriculum.

Parent-Teacher Conference

Parent–Teacher conferences are offered in November and May. November conference is to discuss initial assessment of the children. May conference will provide an opportunity for parents and teachers to discuss children’s progress throughout the year. Parents are encouraged to participate in scheduled conferences and parents also may request the conference anytime to discuss concerns and questions about their child. Conference should be scheduled at a time mutually agreed upon by the parents and the teacher and should not interfere with instruction of the class. Parents may call the school; send an e-mail or a note to the child’s teacher to schedule a conference. At various times during the school year, your child’s teacher may ask you to come in to discuss your child’s progress and concerns.

Confidentiality

Our program stresses the importance of protecting the rights and privacy of children, families and staff. The practice of maintaining the confidentiality of verbal information and written records is a basic policy of our program. It is program policy that staff and participating students should not repeat or share private information they received from the children.
It is also the program’s policy that families must not share or post other children’s information or photos on the social media without an authorization from the school or children’s parents.

All children’s information are kept confidential and locked. Information is accessible to authorized program staff only. The NSU Preschool Academy will only release the child’s information to those individuals, agencies, schools or facilities authorized by the child’s parent/guardian.

**Family Home Activities**

Teachers periodically assign additional work to be done outside of school to reinforce skills and concepts. Family Activities is viewed as one part of the teaching/learning process. When used effectively, it helps students use what they have learned, develop responsibly and demonstrate commitment to learning. The activities provide an opportunity for students and families to spend quality learning time, reinforce skills and concepts, and foster the student’s early childhood development.

**Inclement Weather/Early Dismissal**

In the event of an emergency situation or extreme weather conditions, the NSU Preschool Academy will follow Norfolk Public Schools closings. Regarding the early closings and emergency evacuation during school hours, the Academy will follow the University’s evacuation and closings. However, some events will be left to the discretion of Program Administrators.

**Field Trips**

As an extension of the learning environment field trips are scheduled on- and off-campus. Parents will be informed and sign approval forms for off-campus field trips/events. All field trips/events will be posted on the Parents Board prior to the field trip. For all off-campus field trips transportation will be provided by qualified experienced drivers from the University Motor Pool Department in the Physical Facility.

**Withdrawal Procedures**

Thirty days written notice is required prior to withdrawing your child from the program. Please include the reason for withdrawal, final day of attendance and what your family’s next arrangement will be (other center, public school, home daycare, etc.). This information will allow us to help your child make a smooth transition.

**Parent Conduct**

Families must be aware that adults serve as role models for children. Additionally, the NSU Preschool Academy is responsible for protecting the children in our care and for providing a safe workplace for staff members. Therefore, it is critical that while on program property and during field trips, families conduct themselves in a professional and rational manner at all times. The NSU Preschool Academy reserves the right to immediately terminate the enrollment agreement
if a family member behaves inappropriately. The following actions are grounds for immediate dismissal (please note, however, that this is not an exhaustive list of inappropriate behaviors):

1. Acts of violence, including assault and battery
2. Harassment of or threats against the staff, other parents or children
3. Possession of illegal substances or firearms
4. Verbal or physical abuse of any child
5. Profanity or indecent exposure

**Parent Group**

The NSU Preschool Academy and families work closely in partnership to ensure high quality care and education for children. Parents are welcome to visit and are encouraged to be involved in the program.

Our Parent Group plays an important role in the decision making process as it pertains to school improvement. Our Parent Group consists of elected officers: President, Vice President, Treasurer and Secretary. The Parent Group participates in various University programs and special events. The Parent Group also conducts several fundraising projects in order to enhance the Educational Philosophy of the NSU Preschool Academy. We are very proud of our Parent Group and their involvement and commitment to quality education.

**Health/Medication**

The health of each child is of paramount interest and concern to our staff. The following policies are designed to promote the wellbeing of children. Parents are responsible for bringing their children to the program in good health and capable of participating in all activities. Outside play is an integral part of a healthy day at the program. If children are well enough to come to the program, they are well enough to play outside. Please do not ask that your child be kept inside.

Parents should call the program’s office if a child is absent due to an illness.

**Accident and Medical Treatment**

Parents/Guardians must sign Emergency Medical Care permission and provide current health insurance coverage information which allows the child to receive medical treatment at the nearest hospital in the event of an incident or accident requiring professional medical treatment. Parents/Guardians will be notified and are expected to meet child/staff at the hospital. The steps for receiving emergency medical care may include but are not limited to the following:

1. Attempt to contact the parent(s).
2. Attempt contact the physician.
3. Attempt to contact the persons listed on the emergency contact list.
4. If all contacts fail, the school will do any or all of the following:
   - Call another physician
   - Call an ambulance
   - Have a child taken to the emergency facility by NSU campus police or emergency services

**Communicable Diseases and Conditions**

Any child with a suspected communicable disease, including ringworm, impetigo, lice, or conjunctivitis (pink eye), will be excluded from school. In order to return to school, the Program Director or teacher must receive a written notice from the physician that a child has received treatment.

Parents/Guardians are required to notify the school within 24 hours or the next business day after a child or immediate family member has been exposed to or has experienced a contagious disease.

Parents/Guardians will be notified when other children at the school have experienced or been exposed to contagious or communicable diseases.

**Inadequately Immunized Children**

Children who have not received all of their shots are at risk of serious illness, and they pose a risk to the health of other children in the program. Child Care providers must ensure that children have gotten certain vaccines or have filed appropriate exemptions as allowed by Virginia law. In the event of an outbreak children who are under immunized may be required to be excluded for an extended amount of time as determined by the health department. This may require a loss of income for the parent and tuition will still be required.

**Illness**

If your child becomes ill during the school day (i.e. fever, throwing up etc.): he/she will be isolated and an attempt will be made to reach the parent/guardian by phone. Parents/guardian or authorized person must pick up a child within one hour of notification. Parents are expected to keep children at home who have a fever, bad colds or diarrhea at least 24 hours from onset of symptoms. Please, do not bring your child to program if he/she has the following symptoms;

   - Temperature of more than 100 degrees in the last 24 hours.(to attend, he/she must be fever free for 24 hours without the benefit of medication)
   - Intestinal disturbance accompanied by diarrhea or vomiting
   - Any undiagnosed rash
   - Persistent cough
   - Sore or discharging eyes, ears or throat
   - Any contagious childhood ailments such as ringworm, pink eye, impetigo
Screening for Illness:

The program staff will conduct daily health check on all children when they enter the program in the morning or during the greeting time. Children, staff and students shall be sent home or denied admission if one or more of the following conditions exist:

- Shows signs of an illness that prevents him/her from participating in activities,
- Illness results in greater care needed than the staff can provide without compromising the health and safety of the other children.
- Has a temperature greater than 100°F
- Symptoms and signs of possible severe illness (such as unusual lethargy, uncontrolled coughing, irritability, persistent crying, difficult breathing, wheezing, or other unusual signs)
- Uncontrolled diarrhea
- Vomiting illness: two or more episodes
- Rash with fever or joint pain
- Purulent conjunctivitis (defined as pink or red conjunctive with or yellow eye discharge), cannot return until 24 hours after treatment has been initiated
- Scabies, head lice, or other infestation-cannot return to school until 24 hours after treatment has been initiated
- Tuberculosis-cannot return until a health care provider or health official states that the child can return to the program
- Impetigo-cannot return until 24 hours after treatment has been initiated
- Homophiles influenza type B (HIB) and meningococcal infection-cannot return until approved by health care provider
- Strep throat or other streptococcal infection-cannot return until 24 hours after initial antibiotic treatment and cessation of fever
- Chicken pox-cannot return until at least 6 days after onset of rash, but in any event not until all sores have dried and crusted
- Pertussis-cannot return until 5 days of appropriated antibiotic treatment has been received
- Mumps-cannot return until 9 days after onset of parotid gland swelling
- Hepatitis A virus-directed by the appropriate health official
- Measles-cannot return until 6 days after onset of rash
- Rubella-cannot return until 6 days after onset of rash

Parents or individual specified in writing shall be notified to pick up the ill child immediately. Child shall be isolated until leaving the school and shall not return until sufficient time/treatment has elapsed.

The ill child will be placed in front of the Director’s office and a staff member will provide supervision and comfort until child has been picked up by parent or guardian.

Emergency medical care and ambulance telephone numbers shall be posted in a conspicuous place near the telephone.
Whenever exposure to a communicable disease has occurred, the school’s designated person (Administrator) notify parents and contact local health authority for recommendations regarding control measures.

Parents of all children shall be notified when children have been exposed to the following:

- Bacterial meningitis (H flu)
- Neisseria meningitis
- Pertussis
- Streptococcal infections
- Scarlet fever
- Chicken pox
- Lice or scabies
- Giardia lamblia diarrhea
- Hepatitis A virus infections

**Medication**

NSU Preschool Academy has made the following decision regarding the administration of medication: Authorized staff WILL ONLY administer prescription medications. The Preschool Academy will administer prescription medication by all routes covered in the MAT course (oral, topical, eye, ear, patches, and inhaled, medications and epinephrine via an auto-injector device).

The Preschool Academy will administer medication in accordance with VDSS child day program regulations pertaining to the administration of medication in a child day program. Only a staff member who has completed the appropriate training or has appropriate licensure, and is listed as a medication administrator in the Program’s Decision Regarding Medication Plan will be permitted to administer medication in the program.

Parents/Guardians must complete Medication Authorization Form for prescription and non-prescriptions and ointments. All medications and ointments must be in original containers (including medication administration tools) marked with the child’s first and last name, dosage and the hours to be given. Medication and ointments must be given to the staff and may not be left in child’s backpack or cubby.

For short term medication the Medication Authorization Form must be completed in every 10 working days. For long-term medication and “As Needed” medication, the Medication Authorization Form must be completed every 6 months.

Parents must notify staff when medication is given to the child prior to arrival at school.

**Smoking**

Smoking is prohibited inside the building, 25 feet within the playground and building, and in the presence of children.
**Special Needs**

The goal of the NSU Preschool Academy is to provide services to children of all needs. Documentation of special care instructions from a physician must be provided for any child requires special medical attention such as asthma, allergies, or chronic illness. Parents of children who require special diets for family religion, preference etc. must provide documentation. The parent must also complete the Permission to Post Child’s Information form for the special needs.

When the staff suspects that a child has a developmental delay, serious behavior problems or other special needs, the program will ensure that communication with the family is in a sensitive, supportive and confidential manner. Parents will be provided with documentation and explanation for the concerns, action plan and resources for obtaining additional information, services and supports.

**Managing Food Allergies**

To the extent possible, children with food allergies and intolerances will eat foods similar to those served to the other children. Classrooms will be identified with a special poster. It is a community effort to protect our children who have these potential deadly allergies.

**Parents of children with allergies must provide the following:**

- Documentation of allergies and medical concerns by a physician.
- An Allergy Management Plan that includes:
  - A detailed description of items which your child is allergic
  - Symptoms of a reaction
  - Emergency actions
  - Emergency contacts and phone numbers
- Epinephrine (Epipen Jr.) and/or Benadryl or other required medications along with a completed doctor and parent authorization form
- Parents should also
  - Educate child about symptoms
    - How/ways to avoid exposure
    - When/who to tell if symptoms appear

**All parents are expected to:**

- Take an active role in helping to keep our school safe for children who have potentially fatal allergies
- Contact administration or your child’s teacher for guidance in selecting foods to be used for classroom celebrations.
- Avoid bringing anything into the classroom that contains the deadly allergen.
- Wash hands thoroughly immediately after entering the classroom.
- Require to monitor the child to thoroughly wash hands immediately after entering the classroom.
Asthma

The NSU Preschool Academy recognizes the importance of keeping all children safe. Parents of children diagnosed with asthma must provide the following:

- Documentation by a physician.
- A completed written asthma action plan
- Medication to be kept at school (if applicable)
- Proper authorization forms completed by pediatrician and parent to administer the medication
- Must meet with your child’s teacher to review and demonstrate equipment use/medication administration

Children with Disabilities

The Americans with Disabilities Act (ADA) requires child care programs to make their programs as physically accessible as possible and to make modifications in their policies, practices and procedures to assure that these do not discriminate against people with disabilities.

The NSU Preschool Academy does not discriminate against children with disabilities. We assess each potential student and decide on a case by case basis the appropriate placement. We will make every effort to accommodate any child with a disability who applies for admission without fundamentally altering the operation of the program.

- Parents must complete program’s Individual Health Care Plan for a child with special needs.
- The education of children with disabilities is based on a complete and individual evaluation and assessment of specific, unique needs of each child.
- An Individualized Education Program (IEP) is drawn up for every child found eligible for special education or early intervention services.
- All children with disabilities are educated in the regular education environment to the maximum extent possible.
- Parents have the right to participate in every decision related to the identification, evaluation, and placement of their children.
- There must be parental consent for any initial evaluation, assessment, or placement. Parents must be notified of any change in placement it may occur.
- Parents have the right to confidentiality of information. No one may see a child’s records unless the parents give their written permission. The exception to this is school personnel with legitimate education interests.

Biting Policy

Program Philosophy
Biting is a natural, developmental behavior in which many young children engage, especially during their second and third years of life. We recognize that biting is a distressing activity for parents, staff, and the child who has been bitten. Because biting is so disturbing, everyone involved would like to
eliminate it quickly. Unfortunately, a “quick fix” is not usually available. However, biting does require immediate action by staff to comfort the child who has been bitten, express disapproval to the biter, and to find the cause of the biting.

Children bite for a variety of reasons, so it’s essential for adults to get to the cause of the behavior. Most of the reasons for biting are not related to behavior problems nor does biting make the biter a “bad child.” Since biting is developmentally related, it is more common for toddlers to bite than for older preschool age children.

How staff respond
Staff members respond to biting as they would other aggressive behavior – by:

- Calmly, yet firmly telling the biter that biting hurts and is not allowed
- By comforting the victim immediately and providing first aid if needed
- Wash the bite with soap and water
- Apply ice to reduce swelling
- If the skin is broken, universal precautions are followed, and an injury report is written
- By documenting the biting in an incident report

When a particular child bites regularly, the center staff attempt to find the cause of the biting and take action to prevent future incidents. The staff look at:

- The precipitating factors such as time of day, area of the classroom, the activity, other children involved, etc.
- Changes in the child’s life, such as health problems, teething, the absence of a family member, the birth of a sibling, transitions, etc.

The staff then develop strategies to help prevent further biting. These might include:

- Ensuring that there are enough materials, including duplicates, for the children to use
- Ensuring that there is enough space in the classroom and that there are quiet times in the schedule
- Shadowing a biter in situations and times when the child has bitten before
- Providing teething toys for children who are getting new teeth
- Showing disapproval of biting
- Working collaboratively with parents to reduce or eliminate biting

How parents are informed
The parents of a bitten child are notified of the incident the day the incident occurred. If a bite breaks the skin, the child will be referred to a healthcare provider. Confidentiality prohibits the staff from divulging the name of the biter. The parents of the biter are informed personally and privately the same day. *The child who bites may be sent home at the discretion of program director*

How biting is documented
All biting incidents are documented by the teacher(s) in an incident report which is reviewed and approved by the center director. A copy of the incident report is given to the parents. The other copy is kept in the center’s incident report file.
Safety

The NSU Preschool Academy takes great strides to ensure the safety of each child. The following policies have been established as a means to promote our statement of “Safety First”.

Authorization for Pick-Up

All parents/guardians must sign their name and the time when children are dropped off and picked up. The children should be escorted to the classroom each morning. NEVER allow your child to come into the building unattended. Be sure that a teacher is aware of your child’s presence.

Parents/Guardians must notify the school if anyone other than the parent/guardian is picking up the child. Persons authorized to pick up your child must be on the emergency form under the authorization to pick up list. If you are planning to have your child picked up by someone not listed under the pick-up list, please notify the school in advance and inform the person picking up the child that he/she will be asked to present identification. If an authorized person picks up a child for the first time, he/she will be asked to present identification (driver’s license or other picture identification).

Intoxicated/Impaired Policy

If any staff believes that an adult who is picking up a child is impaired and not in a condition to drive or adequately care of the child’s safety, the staff will not release the child to the adult until the child’s safety is assured. Staff will offer to call a taxi at the adult’s expenses or call another authorized adult to assist in picking up the child. Determining whether or not to release a child in this situation is difficult for the staff member. However, our primary obligation is to protect the safety and well-being of the child. The Campus Police will be stand by to assist us, if necessary.

Dress Code

Children should wear washable play clothes to allow them the freedom to play without restrictions. Our equipment and material is designed for children discovery and exploration. Children will be given the opportunity to experiment with water, sand, paints, to freely move, walk, run, climb, jump, roll, sit on carpet/grassy areas, etc.

Children must wear closed-toe shoes during school hours. Exception: Children may bring sandals/water shoes on designated water days during the Summer Program.

Outdoor Activities

It is mandated by the program’s licensing and accreditation that children must have one hour of outside activity daily. As per class schedule, this is broken up into two 30 minutes segments in the morning and in the afternoon. When the outdoor temperature is below 32 degrees, the children will remain indoors and large motor activities will be provided. Before allowing the children to go outdoors, various weather factors will be considered by the staff.
for the outdoor activity. This includes air quality, temperature, wind chill factor, and other weather elements. Staff will ensure that all children are appropriately dressed and protected according to the weather before leading children outdoors. Please send in weather appropriate clothing and update as needed.

Emergency Preparedness

The school will retain the responsibility of all children on premises (campus) until they are released to a parent/guardian, or other designated person, or until they have been transported to an official evacuation center; in which case university officials will remain with children until all have been united with their families.

In an actual case of an Emergency Evacuation during the school hours, the program will follow Norfolk State University’s emergency procedures.

All employees will remain on the premises with children as designated by law. All teachers may not leave the premises until the assigned person in charge gives them official permission to do so.

Parents/Guardians should not telephone the school. They should listen to the NSU radio station WNSB 91.1 FM for progress reports during the emergency event. When it is safe for parents to travel and safe to release children from the premises, the school will contact parents/guardians or authorized person to pick up children.

Food Policy

Meals and Snacks

The Preschool Academy provides USDA approved morning snack, milk, and afternoon snack each day. The morning snack will be served at 9:00 a.m., the lunch will be served at 12:15 p.m. and the afternoon snack will be served at 3:00 p.m.

Our menu is posted monthly on the parent board. If a child requires a special diet, the family will need to supply an alternate lunch and snack. If a child has a food allergy or restriction, the center must be notified of such, in writing (by both parent/guardian and doctor). Snack and milk costs are part of the tuition rate. If a family opts to provide their own meal, the tuition rate will not be altered.

The following items must meet USDA’s CACFP food guidelines: juice (100 %), unflavored low-fat milk (1 %), unflavored fat-free (skim), and yogurt (plain or flavored or sweetened). Yogurt must contain no more than 23 grams of total sugars per 6 ounces. Do not send potato chips, soda, cookies, and candies for breakfast. All unused foods will be disposed of.

Lunch brought from home must to be labeled with your child’s name.
Refrigerators will be provided, but microwaves are not available for warm-ups. If you wish to send a hot item for your child’s lunch, it must be heated at home and sent to the Preschool Academy in a thermos.

Please send plastic containers or baggies to hold food. Please keep all glass containers at home unless you are providing lunch in a thermos. We will be happy to help children open containers; however, in order to foster independence in preschool age (and older) children, please send food in containers that children can easily open. Please be sure to label all containers in order for them to be returned. Many containers look alike and we don’t always remember which one belongs to you.

All lunches must consist of nutritious foods that your child can feed him/herself. The USDA recommends that your child’s lunch contain the following items in serving sizes appropriate to their age group (see Appendix C):
- One whole-grain or enriched product (bread, crackers, rice, etc.);
- One protein product (meat, yogurt, cheese, eggs, dried beans); and
- One fruits and One vegetable.

Packing these foods in your child’s lunch will guarantee that your child’s daily lunchtime nutritional needs are being met.

**Birthdays**

A child’s birthday is a wonderful reason to celebrate! However, when done at school, it should be inclusive, respectful of everyone’s beliefs, and aligned with our policies. For the safety of all children including those with food allergies, we are beginning a healthier birthday initiative. Instead of food items, we are offering students an opportunity to choose an item from our “Birthday Menu” as a way to celebrate their special day.

Please see information on Parent Board. Read through the menu choices and help your child decide which he/she would like to do for his/her birthday celebration. We want to honor each student in a special way! If there is something your child would like to do that is not listed, please contact the teacher (at least 5 days in advance). Most activities that can be completed within a 15-30 minute time frame are fine!

**Discipline Policy**

We believe that discipline helps children to take responsibility for their actions and should be handled in a manner that assists children in acquiring mastery. The NSU Preschool Academy approves of two methods: (1) Re-directing behavior and (2) Time-away.

It is the policy of the NSU Preschool Academy that children are treated with respect and dignity. We DO NOT and WILL NOT discipline with corporal punishment. We believe
that children respond best to positive reinforcement. When behavioral problems occur, they are handled positively to help children toward self-discipline.

Teachers and staff are expected to plan proactively to assure a developmentally appropriate environment and activities designed to allow children a balance of activities and individual freedom to meet their needs. The planning and structure of the environment and materials, foster variety of quiet and active, small and large group, teacher-led and free-play experiences that tends to prevent most discipline challenges. However, when discipline challenges occur, some of our strategies are:

- We allow children to help us determine acceptable and unacceptable behavior in the classroom.
- We help children to identify and verbalize their feelings to themselves and to others.
- We redirect children to more appropriate activities/materials.
- As a last resort, we use “time-away” to allow children the opportunity to “sort-out” their feelings and to seek control of their behavior. We are consistent and responsible in our implementation of “time-away.” Children are never in the “time-away” period longer than their age. For example, three minutes or less for a three year old, four minutes or less for a four year old, and five minutes or less for a five year old. Children and staff verbalize and determine when they are ready to return to the group from “time-away.”

If the above methods prove unsuccessful the staff will work with the parent(s) to find resources to meet the child’s individual needs. Our goal is to help children move toward self-control, self-direction and self-discipline.

**Termination of Enrollment**

The NSU Preschool Academy provides an environment that encourages growth in discipline, self-control, and respecting the rights of others. The Preschool Academy staff works hard to prevent negative behavior by practicing techniques that are fair, consistent, and respectful of children and their needs.

The goal of the program’s guidance and discipline is to help children gain inner control. Our staff will do everything in their power to correct and work with a child’s behavior. If the behavior is more serious, and becomes a physical threat to others or him/her, the staff will complete an “Incident Report” for parents to review and sign. If another child’s safety and well-being is affected by a child’s behavior or the child’s behavior is impacting negatively on the overall program, the parents will be notified and a conference will be held.
The child’s teacher will share observation information about child’s behavior with parent during the conference. Every attempt will be made to assist child and parent to improve the child’s behavior. However, if all possible techniques have been applied and there is still a problem, the program will recommend the parent find an alternate program or short suspension may be recommended as an alternative.

Before suspension/dismissal is recommended, the following steps will be followed:

1. Gather documentation for a minimum of two weeks about the concern.
2. Meet with the parents, teacher, director and the ECE/EED/SPE department head to discuss the concern.
3. Meet with the department head and faculty committee to discuss strategies.
4. Attempt implementation of suggested intervention.
5. Continue to document child’s behavior.
6. Meet with director, department head and faculty for consideration of discontinuance/suspension from the program.

In the event the parent is not in agreement, the parent may file a grievance and follow the grievance procedures as stated in the parent handbook.

It is the goal of the program to help parents/guardians and children when they must be removed from the program to understand the problem and help parents seek an alternative program/solution for their child. The staff is expected to assist parents/guardians who are seeking alternative professional help for their children with appropriate professional referrals.

The program also may terminate enrollment for the following reasons including but not limited to:

- Parent failure to pay tuition
- Disturbance to the program by a parent
- Continued disagreement or dissatisfaction of a parent that causes disruption to teachers and/or children
- Not able to assist parent and child after sincere attempts have been made to resolve the problem
- Extreme separation anxiety. If after a period of time while working with the parents and child to relieve anxiety, and the anxiety level is still high causing the child to experience severe stress, we will recommend removing the child from the program.
- If at any time a child exhibits behavior that puts other children at risk, we reserve the right to automatically terminate a child’s enrollment in the program without advance notice.

**Parent Grievance Procedures**

The NSU Preschool Academy will provide problem-solving mechanisms that will attempt to resolve issues at the lowest level of authority. When situations arise that are not covered by any
existing policy and/or procedure, the situation would be addressed, in most cases, by the development of new policies and procedures that would apply to that particular type of situation in the future.

a. Before a parent files a grievance, a direct discussion should take place between the person(s) whom the complaint involves. Each party involved should note the date, time, and outcome of the informal discussion.

b. Failing resolution at this level, the person with the complaint must attempt to resolve problems or concerns at the Academy with the area supervisor. More than one meeting must occur prior to the issue becoming a grievance. If this level of discussion fails, the grievance must be prepared in writing and given to the Director of the Program, who has five working days to hold at least one meeting and to make a recommendation.

c. Failing resolution at this level, within five working days, the complaint must be presented in writing to the Department Head of Early Childhood, Elementary and Special Education who will have five working days to review the matter and make a recommendation.

d. If the above resolution has failed, or no action has taken place within five working days, the complaint must be presented, in writing, to the Dean of the School of Education.

e. If a satisfactory resolution is not attained at this level the complaint must be presented, in writing, to the Provost and Vice President of Academic Affairs. The Provost and Vice President of Academic Affairs will review the grievance with University administrators, and will take the necessary procedures/actions to resolve the grievance.

f. The following concepts must be used for the written grievance procedure:
   i. Information is submitted, in writing, signed and dated.
   ii. Supporting information is submitted.

g. For in-person grievance, up to two (2) witnesses may be called at the discretion of the parties involved. Supporting information is submitted.

h. The content of all meetings is kept confidential, unless complainant discusses the process with persons outside of the process.

Releasing Child’s Records and Transition

1. The NSU Preschool Academy will not release or transfer any information regarding the child without the parent’s authorization or consent.

2. The program will only release the child’s information to those individuals, agencies, schools or facilities that provides the signed documents by the child’s parent/guardian to release the child’s information.
3. When the child is transferring within the program from one group to another;
   - Director and the child’s teacher will review the development of a child in all areas.
   - The parent will be notified.
   - Director, teacher, and parents will discuss the development of a child.
   - Allow the parent to make decision regarding the child’s transition.
   - When it is necessary the program will conduct the group, meeting with parent(s), teacher, director and/or specialist that will assist deciding the child’s transition.
   - Official transitioning letter will be given to the parent.
   - Child’s records will be transfer to new teacher(s) to review and gain information about the child.

4. The program will provide the information on the child’s transition to Kindergarten through;
   - Group meetings
   - Letters
   - Open house fliers from other schools
   - Kindergarten preparation checklist form
   - Parent-teacher conference

**Pictures/Videotaping**

The photograph and video of children to be taken during any school event or activity will be used for the purpose of internal publicity. These photographs, videos and sound bites may be used for program brochures, media productions, advertisement, photo albums, or news articles throughout the Commonwealth of Virginia and the United States.

Parents or guardians will be given photo/videotaping permission form for their children during the enrollment.

**School Pictures**

School pictures are taken twice per year; Fall pictures before Thanksgiving and Spring/Pre-K Graduation pictures in April. Parents have options for their children to participate, but are not obligated to purchase pictures.

**Social Media**

If you receive photographs of your child with other children in his/her class or school, you may not post those pictures on any social media site. This policy includes family web sites, without the express written permission of the parent/guardian of EACH child pictured.
You and any family members may not post videos or sound bites of other children enrolled in the program, on any social media sites.

**Toys**

We discourage children bringing toys to the school, since this often causes conflicts, misplaced, lost or broken toys. *NO TOY GUNS* or *WEAPONS* are allowed at any time. Children may bring special toys/games to share at times designated by teachers.

**Transportation**

The NSU Preschool Academy plans interesting on-and off-campus field trips to expand children’s horizons. Parents will be informed and sign approval forms for off-campus field trips/events. All field trip events will be posted on the Parent Board prior to the field trip. Qualified experienced drivers from the Motor Pool Department at the university will provide transportation. Buses are insured through the State of Virginia.

**Volunteers**

We welcome parents and university volunteers. All volunteers must submit appropriate documentation such as TB screening, federal background checks, Child Abuse Registry Search etc. Activities in which volunteers have been involved include the following:

1. Assisting with educational field trips
2. Assisting in special activities or programs such as plays, holiday observances, school parties, Week of the Young Child and Homecoming.
3. Serving as a resource person by sharing special skills, talents and interests.
4. Assisting teachers by making materials to be used in the classroom and working with individual children.

To volunteer, call the administrative office at (757) 823-8111.

**School Supplies**

All basic school supplies will be provided by the program. However, each child will need following supplies.

- Full- size backpack (to hold 8 ½” x 11” paper)
- 1 Pocket folder
- 4 boxes Kleenex
- 2 boxes of Ziploc bags (Gallon)
- 2 boxes of Ziploc bags (Quart)
- 2 boxes of Ziploc bags (Sandwich)
- 2 packs Flushable Wipes
2 complete sets of extra clothing labeled in a bag (pants, shirt, underwear, socks, and 1 pair shoes)
1 container Clorox disinfectant wipes
1 composition notebook (Pre K Only)

Rest Time: All children MUST have the following items daily.
1 travel size pillow (small) and (must have a removable pillow case). Pillows without pillowcases will be returned home.
1 travel size blanket (small)
1 cot sheet (purchase at Preschool Academy $10.00) *Crib sheets are not allowed*

*The bottom sheet and a pillow case will be sent home on Friday to be washed and should be returned on the following school day. All belongings should be labeled with the child’s name.

How to Help Your Child

Every parent/guardian is interested in their child’s health, safety and progress. The progress your child will make in the NSU Preschool Academy is dependent on what you do for him/her. To gain confidence and for a successful school experience follow these suggestions;

Teach your child to:

  Manage toileting tasks
  Use a cleaning tissue, dispose of it and wash hands
  Put toys and work materials away
  Tie shoestrings, buttons and snap fasteners
  Put on, take off and hang up coats/wraps

See that your child:

  Goes to bed at a reasonable hour each night
  Eats regularly and properly
  Has needed supplies

  Is read to regularly
  Uses good speech habits
  Views appropriate television shows and for limited periods
  Goes to interesting places

Take time to:

  Listen and show interest in your child’s daily experiences
  Be involved with your child as a family unit
  Report any unsettling experiences which may help the staff understand and respond to unusual behavior
Know your child’s teacher and work with him/her as situations occur

**Child Abuse/Neglect**

The school is mandated by the Commonwealth of Virginia to report suspicion of child abuse or neglect to the Child Abuse Hotline of the Department of Social Services. Anytime you suspect that a child is being abuse or neglected, report your concerns to the local Department of Social Services or to the Child Abuse and Neglect Hotline 1-800-552-7096.
