ATTENTION 2020 PRE-LICENSED NURSING APPLICANTS

Students seeking admission to the Traditional Bachelor of Science in Nursing (BSN) Program at Norfolk State University are required to complete the Health and Environmental Science Institute (HESI) Admission Assessment Exam (A2).

The HESI A2 Entrance is a computer-based test that contains 7 sections: This exam is designed to assess the academic and personal readiness of prospective students for higher education. Although it is applicable for basic skills for all potential students, the HESI A2 is particularly well suited for prospective students in the health science fields. The examination consists of nine different tests: seven that focus on academic subject areas and two that focus on personal assessment. These academically oriented subjects include Basic Math, Reading Comprehension, Vocabulary and General Knowledge, Grammar, Chemistry, Biology, and Anatomy and Physiology. A composite score is provided for the total number of academic exams that are administered.

- A cumulative score is provided for each subject which must be at least 75% or greater as well as each outlined specified sub-category to which must be at the 70th percentile or greater. No rounding of the any scores.
- Potential applicants must achieve a 70 % or greater composite score in the following specified sub-categories: (Reading/Comprehension; Vocabulary/Grammar; Anatomy & Physiology and Math) and a 75% or greater cumulative score in each subject category (i.e., English, & Science) as well as a 75% cumulative overall score.
- Students will be allowed to take the HESI A2 twice during an academic year at NSU (September – April).
- To be considered for the Traditional BSN Program, applicants must take and pass the HESI A2 Exam by the specified listed date (no exceptions). You must complete the entire exam.
- Applicants must take the exam at NSU only; we will not accept scores from any other academic institution.
- In addition to the HESI A2 score, other criteria such as cumulative GPA of at least 2.80 and previous academic performance will be used to help the Admissions Committee evaluate each applicant’s ability to successfully complete the nursing program and subsequent licensing examination.
- Additional information including registration & fees may be obtained from the University Testing Center.
