

Find Opinions, Editorials and Opposing Viewpoints

Databases

Access databases from NSU Articles & Databases A-Z <http://library.nsu.edu/>.

Opposing Viewpoints Resource Center contains information about controversial issues from different points of view. In addition to articles, this database contains topic overview, statistics, primary sources and background information.

Factiva you can find editorials from top national and international newspapers, newswires, and business journals.

Academic Search Complete: there are two ways to find opinions and editorials in this database.

1. Enter “editorial” as an additional keyword
2. You can limit your results to editorials by using the document type in advance search
