Subject: Text Messaging Emergency Alert System Test

NSU Implements Emergency Alert System

SEND WORD NOW

NSU Faculty, Staff and Students

As part of our continuing effort to make our campus safe and secure, we have subscribed to an Emergency Alert Service, which will be used to distribute weather alerts, facilitate evacuations, cancel classes, close facilities, or the like. The service we have chosen, **Send Word Now**, allows the University to send alerts to thousands of students and staff simultaneously via any/all familiar communications methods such as email, SMS (text messaging via cell phone), and phone calls. When unexpected situations arise and timing is critical, **Send Word Now** will help ensure that our alerts reach you in a timely manner.

Over the next few weeks, you will receive an email invitation to update your personal contact information. Clicking the hyperlink will open a Web page where you can see the contact information that has been entered for you and you will be able to update the rest of your emergency contact information. **NOTE: This hyperlink can only be used once so please ensure that your information is correct before you hit the submit button.** Updating your information will help us be sure we are reaching you at the right contact points, and that you are familiar with the service.

If you have questions about this, please contact your **Send Word Now** coordinators **Sharon Hoggard or Misti Goodson at 757-823-8373**.

Do not reply to this email. Any replies to this email will be undeliverable.
