

Project Management Training (Based on the 4th Edition PMBOK)

This Project Management Training is modeled after the Project Management Institute's (PMI) Project Management Professional (PMP) Certification.

It uses the concepts of PMI Project Management Book of Knowledge (PMBOK 4th edition.)

This course on Project Management Training will provide the required 36 hours of formal Project management training to take the PMI 4th edition PMP Certification Exam.

Project Management Institute (PMI) Certification program enables members at multiple levels of project management profession to have their skills, education and experience recognized with credentials known and respected throughout the world. Our course provides the foundation for learning and applying these international standards in project management. This will provide 36 hours of formal training and the *Transcender* exam preparation software.

The course outline is:

- PMI PMP® Certification
- Examining Professional Project Management
- Initiating a Project
- Planning Project Work
- Developing Project Schedules
- Developing Cost Estimates and Budgets
- Planning Project Quality, Staffing, and Communications
- Analyzing Risks and Planning Risk Response
