NSU/VBHEC reserves the right to cancel due to low enrollment.

The Pharmacy Technician Introduction course prepares the student for the certification exam and entry level employment. A Pharmacy Technician is an allied health specialist employed within a pharmacy to perform a variety of duties related to preparing and dispensing drugs in accordance with standard procedures and laws under the supervision of a registered licensed pharmacist.

In this course, you will learn:

- **Medical and Pharmaceutical Terminology**
 - **Math Calculations**
- **Pharmacy Law and Ethics**
 - **Aseptic Techniques**
 - **Pharmacology**
