

## Licensure Disclosure: MA in Counseling Education

Each licensing and certification authority sets and enforces its own professional licensing requirements and standards. Students should inquire directly to the licensing authority in the jurisdiction where the student plans to seek licensure to determine the mandatory requirements to be licensed to practice. Contact information for each state's licensing agency is listed below. Also listed below are the states where the University has determined that completion of our MA in Counseling Education program meets or does not meet the educational requirements for licensure or certification. NSU has applied to the Council for the Accreditation of Counseling and Related Programs (CACREP) for the accreditation of this program.
