Licensure Disclosure: Master of Arts in Urban Education (Concentration in Principal Preparation)

Virginia is part of the National Association of State Directors of Teacher Education and Certification (NASDTEC), which facilitates the mobility of educators among the jurisdictions that have signed the NASDTEC Agreement. Although there may be conditions applicable to individual jurisdictions, the Agreement makes it possible for an educator who completed an approved program and/or who holds a certificate or license in one jurisdiction to earn a certificate or license in another participating jurisdiction. Receiving states may impose additional "Jurisdiction Specific Requirements," including educational requirements, which must be met either before or after licensure or certification (www.nasdtec.net).

Each licensing authority sets and enforces its own professional licensing requirements and standards. Students should inquire directly to the licensing authority in the jurisdiction where the student plans to seek licensure to determine the mandatory requirements to be licensed to practice. Contact information for each state's licensing agency is listed below. Also listed below are the states where the University has determined that completion of the Master of Arts in Urban Education program, with a concentration in Prinicipal Preparation, meets or does not meet the educational requirements for licensure or certification.
