

## PERSONNEL SECURITY STANDARD

**Standard Title:** PERSONNEL SECURITY STANDARD (NSU-PS)  
**Standard Number:** 38-10.14  
**Standard Reference:** COV SEC530 INFORMATION SECURITY STANDARD  
**Control Family:** PERSONNEL SECURITY (PS)  
**Approval Date:** 8/2/2024  
**Responsible Office:** Office of Information Technology  
**Responsible Executive:** Chief Information Officer

**Applies to:** All employees, students, visitors, and contractors, in all academic and operational departments and offices at all Norfolk State University locations, and to all university information technology and data, whether owned and operated by the university, or used for university business through contractual arrangements.

### STANDARD STATEMENT

All individuals to whom this standard applies shall comply with the Norfolk State University Information Security Standards and protect all IT systems and data to which they have access commensurate with sensitivity and risk. All university information technology and data whether owned and operated by the university or used for university business through contractual arrangements shall be managed and protected in accordance with the provisions of the Norfolk State University Information Security Standards.

### DEFINITIONS

**Authorization:** The process of verifying that a requested action or service is approved for a specific entity.

## PERSONNEL SECURITY STANDARD

**Authorize:** A decision to grant access, typically automated by evaluating a subject's attributes.

**Authorized:** A system entity or actor that has been granted the right, permission, or capability to access a system resource.

**Availability:** The property that data or information is accessible and usable upon demand by an authorized person and that timely, reliable access to data and information services is provided for authorized users.

**Computer Network:** Two or more computers that can share information, typically connected by cable, data line, or satellite link.

**Confidentiality:** Protection of systems and data so that unauthorized parties cannot view the data, the property that sensitive information is not disclosed to unauthorized entities, and the assurance that information is not disclosed to unauthorized individuals or processes.

**Controlled Unclassified Information (CUI):** Information the Federal government owns or has created that needs to be safeguarded and disseminated using only controls consistent with Federal laws, regulations and policies.

**Data Custodian:** An individual or organization in physical or logical possession of data for Data Owners. Data Custodians are responsible for protecting the data in their possession from unauthorized access, alteration, destruction, or usage and for providing and administering general controls, such as back-up and recovery systems.

**Data Owner:** An individual who defines, manages, and controls the use of data and ensures compliance with the Information Security Standards with respect to the data.

**Information Security:** The policies, standards, guidelines, processes, activities, and actions taken to protect the confidentiality, integrity, and availability of information systems and the data they handle commensurate with sensitivity and risk.

**Information Security Incident:** means an adverse event or situation, whether intentional or accidental, that poses an enterprise impact or threat to the integrity, availability, or confidentiality of university data or systems or requires reporting based upon regulatory requirements.

**Information Technology (IT) System:** An interconnected set of IT resources under the same direct management control.

**Integrity:** Guarding against improper information modification or destruction, including ensuring information non-repudiation and authenticity.

## PERSONNEL SECURITY STANDARD

**Intellectual Property:** Please refer to the BOV POLICY # 35 (2019) INTELLECTUAL PROPERTY POLICY.

**Sensitive System:** A system that processes any data of which the compromise with respect to confidentiality, integrity, and/or availability could have a material adverse effect on NSU interests, the conduct of NSU programs, or the privacy to which individuals are entitled. Please refer to the 32-02 - Data Classification Policy

**Sensitive Information/Data:** Any data of which the compromise with respect to confidentiality, integrity, and/or availability could have a material adverse effect on COV interests, the conduct of agency programs, or the privacy to which individuals are entitled. Please refer to the 32-02 - Data Classification Policy

**System Administrator:** An individual or entity that implements, manages, and/or operates a system at the direction of the System Owner, Data Owner, and/or Data Custodian.

**System Owner:** An individual or entity responsible for the operation and maintenance of an IT system.

**Technological Resources:** Technological resources include but are not limited to: computers and terminals, software, printers, networks and equipment, telecommunication equipment and services such as telephones, facsimile machines, modems, basic and long distance calling service, and voicemail; television and radio systems and equipment; computer information systems; and, data files and/or documents managed or maintained by the University which reside on disk, tape or other media. Technology resources also include multimedia equipped classrooms, computer classrooms, computer laboratories, computer offices, and computer furnishings operated or maintained by NSU.

**Users:** Faculty, staff and students as well as others who have been authorized to use Norfolk State University's technological resources, (e.g., contractors, interns, volunteers, etc.).

### CONTACT(S)

The Office of Information Technology (OIT) officially interprets this standard. OIT is responsible for obtaining approval for any revisions as required through the appropriate governance structures. Questions regarding this standard should be directed to OIT Security.

### STAKEHOLDER(S)

University Faculty & Staff  
Students

Others who have been authorized to use Norfolk State University's technological resources.

## **PERSONNEL SECURITY STANDARD**

### **PERSONNEL SECURITY (PS)**

#### **NSU-PS-1 PERSONNEL SCREENING**

- a. Screen individuals prior to authorizing access to the system; and
- b. Rescreen individuals in accordance with organization-defined conditions requiring rescreening and, where rescreening is so indicated, the frequency of such rescreening.

#### **NSU-PS-2 PERSONNEL TERMINATION**

- a. Upon termination of individual employment:
- b. Notify OIT with one business day;
- c. Disable system access within one business day of notice of employment termination or immediately for high risk personnel;
- d. Terminate or revoke any authenticators and credentials associated with the individual;
- e. Retrieve all security-related organizational system-related property; and
- f. Retain access to organizational information and systems formerly controlled by terminated individual.

#### **NSU-PS-3 PERSONNEL TRANSFER**

- a. Review and confirm ongoing operational need for current logical and physical access authorizations to systems and facilities when individuals are reassigned or transferred to other positions within the organization;
- b. Initiate the transfer or reassignment actions within one business day of notification of the formal transfer action;
- c. Modify access authorization as needed to correspond with any changes in operational need due to reassignment or transfer; and
- d. Notify the appropriate organization-defined personnel within organization defined time period.

#### **NSU-PS-4 ACCESS AGREEMENTS**

- a. Develop and document access agreements for organizational systems;
- b. Review and update the access agreements at least on an annual basis and following an environmental change; and
- c. Verify that individuals requiring access to organizational information and systems:
  - 1. Sign appropriate access agreements prior to being granted access; and
  - 2. Re-sign access agreements to maintain access to organizational systems when access agreements have been updated, on at least an annual basis.

#### **NSU-PS-5 EXTERNAL PERSONNEL SECURITY**

## **PERSONNEL SECURITY STANDARD**

- a. Establish personnel security requirements, including security roles and responsibilities for external providers;
- b. Require external providers to comply with personnel security policies and procedures established by the organization;
- c. Document personnel security requirements;
- d. Require external providers to notify the appropriate organization-defined personnel of any personnel transfers or terminations of external personnel who possess organizational credentials and/or badges, or who have system privileges within 24 hours or immediately for high risk individuals; and
- e. Monitor provider compliance with personnel security requirements.

### **NSU-PS-6 PERSONNEL SANCTIONS**

- a. Employ a formal sanctions process for individuals failing to comply with established information security and privacy policies and procedures.

## **EDUCATION AND COMPLIANCE**

This standard shall be widely published and distributed to the University community. To ensure timely publication and distribution thereof, the Responsible Office will make every effort to:

- Communicate the standard in writing, electronic or otherwise, to the University community within 30 days of approval;
- Post the standard on the appropriate website; and
- Educate and train all stakeholders and appropriate audiences on the standard's content, as necessary. Failure to meet the publication requirements does not invalidate this standard.

The Chief Information Security Officer (or designee) is responsible for official interpretation of this standard. Questions regarding the application of this standard should be directed to the Office of Information Technology. The Chief Information Security Officer reserves the right to revise or eliminate this standard.

Violations of this standard, including without limitation any misuse of data or IT resources may result in the limitation or revocation of access to University IT resources. In addition, failure to comply with requirements of this standard may result in disciplinary action up to and including termination or expulsion in accordance with relevant University policies, and may violate federal, state, or local laws.

## **EXCEPTIONS**

Exceptions to this standard must be documented in writing and approved by the Vice President for Operations and Chief Strategist, the Chief Information Officer, and the Chief Information Security Officer.

## PERSONNEL SECURITY STANDARD

### REVIEW SCHEDULE

- Next Scheduled Review: 8/2/2026
- Approval by, date: OIT Standards Development Group, 8/2/2024
- Revision History: 4/10/2025,7/31/2025
- Supersedes: SEC530 PS Controls
