

M.S. CyberPsychology Degree Program
 Full-Time Accelerated Course Curriculum Sequence

Semester 1 (7 weeks)	credits	Semester 2 (7 weeks)	credits
PSY 510 Psychology & Cyberspace	3	PSY 520 Current Trends in CyberPsychology	3
PSY 530 Research & Ethics in CyberPsychology	3	Elective 1	3
Subtotal	6	Subtotal	6

Semester 3 (7 weeks)	credits	Semester 4 (7 weeks)	credits
Elective 2	3	PSY 610 CyberPsychology Research	3
Elective 3	3	Elective 4	3
Subtotal	6	Subtotal	6

Semester 5 (7 weeks)	credits	Semester 6 (7 weeks)	credits
PSY 610 CyberPsychology Research	3	PSY 610 CyberPsychology Research	3
Elective 5	3	Elective 6	3
Subtotal	6	Subtotal	6

Semester 7 (7 weeks)	credits
PSY 690 CyberPsychology Capstone Research	3
Elective 7	3
Subtotal	6

Total credits for Degree program

42 semester credit hours

Months to completion (minimum)

Approximately 14 months (full-time—12 credits per semester)¹

¹ Degree completion is dependent on total number of credits completed each semester

Elective Course Options*

- PSY 535: Quantitative Research Methods (3)
- PSY 536: Qualitative Research Methods (3)
- PSY 540: Consumer & Media CyberPsychology (3)
- PSY 550: Human Computer Interaction (3)
- PSY 560: Virtuality (3)
- PSY 570: Forensic CyberPsychology (3)
- PSY 580: Cybercognition & Behavior (3)
- PSY 590: Cyberpsychopathology (3)
- PSY 600: CyberPsychology Internship (3)**
- PSY 620: Advanced Cyberpsychology Research (1-3)**

* Electives will be offered on a rotating basis and may not be available every term

** Course can be taken for 1, 2 or 3 credits, and up to 9 credits total

Program Entry: Fall Term O		Program Entry: Fall Term P	
Term	Courses	Term	Courses
Fall Mini Term O	PSY 530-Research and Ethics in CyberPsychology	Fall Mini Term P	PSY 520-Current Trends in CyberPsychology
	PSY 510-Psychology and Cyberspace		PSY 570-Forensic CyberPsychology
Fall Mini Term P	PSY 520-Current Trends in CyberPsychology	Spring Mini Term O	PSY 510-Psychology and Cyberspace
	PSY 536 - Qualitative Research Methods		PSY 530-Research and Ethics in CyberPsychology
Spring Mini Term O	PSY 535–Quantitative Research Methods	Spring Mini Term P	PSY 610-CyberPsychology Research
	PSY 550-Human-Computer Interaction		PSY 536 - Qualitative Research Methods
Spring Mini Term P	PSY 610-CyberPsychology Research	Summer Mini Term O	PSY 610-CyberPsychology Research
	PSY 560-Virtuality		PSY 535–Quantitative Research Methods
Summer Mini Term O	PSY 610-CyberPsychology Research	Summer Mini Term P	PSY 610-CyberPsychology Research
	PSY 590-Cyberpsychopathology		PSY 580-Cybercognition & Behavior
Summer Mini Term P	PSY 610-CyberPsychology Research	Fall Mini Term O	PSY 540-Consumer and Media CyberPsychology
	PSY 570-Forensic CyberPsychology		PSY 560-Virtuality
Fall Mini Term O	PSY 690-CyberPsychology Capstone	Fall Mini Term P	PSY 690-CyberPsychology Capstone
	PSY 540-Consumer and Media CyberPsychology		PSY 550-Human Computer Interaction

PSY600 (Internship) and PSY 620 (Advanced Research) can be taken up to 9 credits each with prior permission and can substitute courses PSY535, 536, 540, 550, 560, 570, 580, or 590

*** Note: Students beginning in the “P” term are not eligible to be full-time for the semester ***
