

## WE SEE YOUR FUTURE IN MUSIC.

### Testimonial –

*"I've always sought out ways to grow and when I returned to the States in 2016, I searched for an MM program that could feed that desire to learn. Not only did NSU become that program, it became and still is the community of musicians that I lean on for support, scholarship and friendship. I graduated from NSU focused, articulate, and fundamentally sound, with the community and extended network of resources I needed to be successful in the industry."*
