## **Confidentiality Statement**

Our program stresses the importance of protecting the rights and privacy of children, their families, and our teachers. The practice of maintaining the confidentiality of verbal information and written records is a basic policy of our program. This practice is in accord with one of the primary ethical principles of professional behavior in early childhood settings. The identity of children and their families should be revealed only in cases of professional necessity such as in child abuse or neglect, developmental records, and special family circumstances.

### **Agreement:**

I agree to respect the confidentiality of verbal and written reports of children, families and teachers within classroom, the center, and in my non-work environment.
