Come learn cyber forensics skills, put them to practice, and complete challenges to win prizes!

Where: Norfolk State University Cybersecurity Complex-MCAR 625

When: September 5th 2025, 5pm – 6pm

September 6th-7th 2025, 10am – 5pm

Cost: FREE! Lunch will be provided.

Why: Learn – Practice – Win Prizes!

Requirements: Register via the registration link below:

https://forms.gle/K4CFejcqzHbsMeyT7

Tracer FIRE is a two-day event teaching students to investigate multiple advanced persistent threat (APT) adversaries in a simulated incident response scenario. Learn cyber forensic techniques to discover:

- Who's the adversary?
- How'd they get in?
- What did they want; did they succeed?
- How to prevent recurring incidents?

September 5th will be a Sandia info session; September 6th will consist of fun hands-on training; September 7th is a forensic capture the flag skills challenge.
