

## GREETINGS SPARTAN!

**TRANS-LATION IS A NEWSLETTER CREATED  
TO GUIDE TRANSFER STUDENTS THROUGH  
THEIR JOURNEY AT NSU.**

# TRANS- lation

## The right choice...

We commend you on your decision to further your education and particularly excited that you are thinking about becoming a Spartan. We are proud of all you have accomplished and look forward to having the opportunity to help you continue to achieve in the pursuit of your educational goals. We understand your experience as a transfer student is very different from that of an incoming freshman. Therefore, we are here to help you in navigating through the University as you become acclimated to your surroundings.

The establishment of a Transfer Center (named the TransferMation Center) will provide the necessary one-stop shop infrastructure and staff support to enhance resources currently devoted to transfer students. Through activities housed in the TransferMation Center, increased opportunities will be provided for students to seek and obtain information and support to complete their post-secondary education irrespective of how they entered higher education.

In the coming months we will be hiring additional staff, moving to a new office location and launching several new programs in the spring

to include Majors Week, TransferMation 360, and in April celebrating National Transfer Student month.

The TransferMation Center will house trained Transfer Staff who are specialists in understanding the needs of transfer students and how to best service you through a one-stop shop to the extent possible with administrative services, academic and financial planning, and student activities and leadership.

### January 5

Classes Begin

### January 11

Deadline to Drop a Course and Receive 100% Refund
