

# Fact Book

2013-2017

Office of Institutional Research

To users of the NSU Fact Book:

This document has been designed to meet the needs of various constituents ranging from NSU officials to non-higher education agencies seeking data to facilitate the understanding of students, faculty and programs over the last five years (2013-2017) at Norfolk State University. The Fact Book is an attempt to answer 75% of the most commonly asked questions of the Office of Institutional Research. The data presented do not represent a comprehensive analysis of the subject matter and are not intended to be exhaustive. As reflected in the title of this book, this is a compilation of university facts. Additional data and analytical needs may be requested from the Office of Institutional Research.

The fall data from 2013 through 2017 (unless otherwise noted) have been organized into twelve sections. It is our sincere hope that the data prepared for your use will answer many of your data questions as well as provoke new questions that will require more in-depth analysis and review. Feel free to contact the Institutional Research office if you have any questions.

Ephraim J. Bennett, Assistant Director of Institutional Research
