As a user of Norfolk State University's central computer systems, which are operated by the Office of Information Technology (OIT), I understand and agree to abide by the following terms, which govern my access to and use of the processing services of NSU.

I will not disclose information concerning the University and University personnel, including students, unless properly authorized. Access is being granted to me by OIT as a necessary privilege in order to perform authorized job functions for the department by which I am currently employed. I am prohibited from using or knowingly permitting use of any assigned or entrusted access control mechanisms (such as log-in Ids, passwords, terminal Ids, user Ids, file protection keys or production read/write keys) for any purpose other than those required to perform my authorized employment functions.

I will not disclose information concerning any access control mechanism of which I have knowledge unless properly authorized to do so by my employer, and I will not use any access mechanism which has not been expressly assigned to me.

I agree to abide by all applicable Commonwealth of Virginia and NSU policies, procedures and standards, which relate to the security of OIT computer systems and the data contained therein.

If I observe any incidents of non-compliance with the terms of this agreement, I am responsible for reporting them to the information security officer and management of my department.

By signing this agreement, I hereby certify that I understand the preceding terms and provisions and that I accept the responsibility of adhering to the same. I further acknowledge that any infractions of this agreement will result in disciplinary action, including but not limited to the termination of my access privileges.
