2. **Rector’s Opening Comments** ................................................................. Mr. Devon Henry

Rector Henry commented on the upcoming Commencement taking place on Saturday, May 6, 2023 at Norfolk State University. Once again we see students fulfill their dream by walking across the big stage to get their degree.
The Grammy’s presented Norfolk State University with a check and an opportunity for a student to receive a once in a lifetime scholarship and opportunity for internship where they will work directly with the Academy and with artists traveling from New York to Los Angeles. They came to campus last Friday to share information with the students about the program. They also mentioned that we have two honorary doctors who are in the Music Hall of Fame, Missy Elliott and Pharrell Williams. This was on the front end of *Something in The Water*. NSU was also recognized at a brunch with the US Congress, the House of Representatives, the Diversity, Equity, and Inclusion Executive, as well as Congressman Bobby Scott, Congressman Jamaal Bowman from New York, and Dr. Adams-Gaston. They expressed their gratitude for what Norfolk State was doing for the students and the community. Rector Henry gave a round of applause to all who had any part in bringing the Grammys, the academy, and Amazon Music to NSU.

Rector Henry also commented that we have an amazing ambassador in Dr. Adams-Gaston, and all the things that we're doing collectively, from the administration to the cabinet, to the students, to the board members here today, in the faculty and staff, it's not going unnoticed. The community sees what we're doing at NSU, and “like I said… it's a great day to be a Spartan and to be affiliated with Norfolk State.”

3. **President’s Opening Comments**................................................................. Dr. Adams-Gaston

Dr. Adams-Gaston continued the Rector’s comments regarding the Grammy’s expressing that it was a wonderful experience watching our students get so excited about the Grammy’s and recognition for the institution. Along with that excitement the Vice President of the Grammy’s invited them all to come to the *Something in The Water* the next day. And it was such a beautiful experience. The students were so happy and they were able to meet people from industry. They met artists.

Dr. Adams-Gaston thanked everyone across the board stating that Norfolk State University is on a really important trajectory, and that the Board of Visitors of NSU are inspirational and helps us to work at getting better. She went on to say that “I have a rock star environment,” That includes the executives, the cabinet, the people on extended cabinet, the deans, the chairs, the faculty, the staff, the administrators, facilities.

4. **Consent Agenda**.......................................................................................... Mr. Devon Henry

Motioned by Mrs. Blunt and seconded by Mr. Blake, the Board unanimously approved the December 8-9, 2022 Board Meeting Minutes.

Motioned by Mr. Parks and seconded by Mr. Blake, the Board unanimously approved the March 16, 2023 Board Meeting Retreat Minutes.

Motioned by Mr. Blake and seconded by Dr. Chase, the Board unanimously approved the upcoming Board dates for 2023-2024.
3. **Auditor of Public Accounts Report** ........................................................... Mr. David Rasnic

Mr. Rasnic presented the results of the state audit for fiscal year 2022, and he plans to issue an unmodified opinion over the financial statements for fiscal year 2022. And because the auditors get audited, the Norfolk State Audit this year is subject to an internal PCR process. They plan to release the report and the opinion letter around May 22. The first deliverable is the audit opinion that NSU will receive, and the second deliverable is the internal control report. As part of the audit, they obtain a sufficient understanding of the internal controls that are over the account balances that make up the financial statement and determine the nature, timing, and extent of test work.

Mr. Rasnic noted that Norfolk State has made progress. There were four audit findings in the previous audit and they have all been corrected. Most of the findings were in the IT area.

This year the report will have a status or priority or finding section, which is the previous year's findings that were not followed up on because the corrective action was still ongoing. Included in the specified area is removing access timelines to terminate employees, which is a consistent issue across higher education. For the current year findings, there was one fine and a recommendation related to improving the wireless local area network security. Those weaknesses have been communicated to management and are subject to sensitive areas of the foyer requirements.

Based on the auditing standards, there were no indications of fraud, fraudulent transactions, or illegal acts.

5. **State of the University** .............................................................................. Dr. Adams-Gaston

Dr. Adams-Gaston opened by highlighting the senior toast that had taken place on the prior evening on campus, stating that it was an exciting time and it was exciting to see the graduates and their families. We always say that our students’ success is our primary concern, and that means that the work of the faculty, the research that the faculty does, is important in bringing students into the university because our faculty is training our students to be scholars and preparing the students to impact the world.

Norfolk’s native son, Mr. Nate Parker, award-winning actor, writer, director, and producer will deliver the keynote address at the Commencement. He is the founder of the Nate Parker Foundation, a non-profit organization with a mission to confront systemic crises and disparities within the African and African American communities in the areas of education, cultural enrichment, and social and economic justice. The Nate Parker Film Institute will return to NSU for the second summer this year.

Dr. Adams-Gaston acknowledged a successful 2022-2023 academic year for Norfolk State Spartans. It has been good for students, faculty, and staff. Thanks to the hard work of our
Board of Visitors, our university's executive management team, the brilliant faculty, staff, and talented student body we could not have accomplished this level of success and reached our goals.

  - During the two-year grant period, VAST aims to train 600 adult learners, award 550 certificates and create up to 100 internships.

**Importance of Developing the Whole Student**

As an institution of higher education, NSU cannot afford not to make the investment in the whole student.

**Therefore, how do we educate the whole student and what is the impact?**

- Enhance First-Year Transition for Diverse Student Groups and Supporting First-Year Students and Ongoing Transition.
o Understand issues facing students with increasingly diverse transition needs and provide effective institutional support.

o Mentoring

    ▪ Leadership
    ▪ Social skills

  o Extracurricular activities have positive effects on students’ success.”
  o The impact of extracurricular activities and the success of athletics and student scholars performing on- and off-campus is evident at Norfolk State.
  o Extracurricular activities provide an indelible effect on self-esteem and provide memories the students will carry with them for life!

- Importance of supporting our Student Scholars: Capital Campaign
  o According to research, no institution of higher education has survived without some form of fundraising or gifts. Norfolk State is no exception, and that is why we have launched the NSU Capital Campaign.
  o The NSU Campaign will support:
    ▪ Scholarships to minimize student debt
    ▪ Scholarships that can help fill the void left by public education funding cuts
    ▪ Scholarships that can support equitable outcomes
    ▪ Scholarships that can free up time for studying

Dr. Adams-Gaston states that Norfolk State University is strong and she looks forward to continuing to build the legacy of the Spartan Nation.

6. Academic and Student Affairs Committee Update .................. Mrs. Mary L. Blunt, Chair

Mrs. Blunt states that management, athletics, and tenure will be covered in closed session. She discussed the VCAN Program, stating that it was established by the Virginia College Affordability Network. The goal for the program is to graduate 600 students. At this point, two cohorts have entered NSU with a total of 308 students. One of the primary points that was made about the program is that it has a six-year lifespan, and we would like to see that six years become another six years. We have given $1.4 million in support so we can essentially allow the student to have a full ride. We should continue to focus making sure the good news that is occurring as a result of our legislative support continues.

10. Governance Committee Update ......................................................... Mr. Dwayne Blake, Chair

Renewal of Board Members

Three Board Members are up for renewal, Mary Blunt, Heidi Abbott, and Bishop Brown. Mrs. Blunt has informed the Chairman that she does not desire to renew. As of now, we have one opening.

Mr. Blake thanked Mary Blunt, Heidi Abbott, and Bishop Brown for their dedication and hard work to the board, emphasizing that this position is a labor of love and all have served with honor.

As we have discussed, there is one opening that needs to be filled. In choosing replacements, we would like to have someone with a background in legal, higher education, or sponsored research. All board members have agreed that there is a good combination of skills amongst the Board members at present.

The Commonwealth will provide an input for replacement, however, we do have the opportunity to revise an input. The process is more formal than in the past. A person has to fill out an application and get an interview. The Board is also taking into consideration the concerns of the President regarding her input in choosing new Board members.

Any recommendations will be discussed amongst board members and any recommendation will be sent to the Governor as outlined by proper protocol, procedure, policy, and/or law.

Recommended slate of officers for the 2023-2024 fiscal year presented to the Full Board:

Devon Henry, Rector
Kim Brown, Vice Rector
Dwayne Blake, Secretary.

Motioned by Honorable Dyke, seconded by Delbert Parks that Devon Henry remains as rector for 2023-2024 fiscal year. With a 10-0 Roll Call vote, the Board unanimously agreed.

10. Faculty Representative to the Board ............................................................Dr. Geoffroy de Laforcade

The university has made great strides in providing faculty development opportunities and made efforts to support the faculty’s sense of belonging to a success-driven community. Faculty are encouraged the Senate is now listening and the President has committed to engaging with teachers and students.

The problem of faculty overloads is not going away. Many faculty teach more each year.

Department Chairs should not teach more than two classes per semester, however, Dr. de Laforcade’s Department Chair teaches six to eight classes per year.

Several departments in Liberal Arts have expressed exasperation with the hiring process. One situation which was brought to the attention of the President involved four faculty members leaving in the department with a very heavy service responsibility. Only three positions were being opened, none of the positions were filled. What it means is that 24 credit hours multiplied by four or 96 credit hours, the equivalent of 32 classes will either not be taught or taught by adjuncts, were taught as overloads by existing faculty in a department that already suffers from a tremendous frequency of such burdens. National searches should have been conducted. If we are going to implement the best practices of an aspiring university to attract a significant pool of good candidates, national searches should be conducted immediately after the budget is approved. In other words, in July or August at the latest, the job descriptions go out, and interviews are conducted before we break for Christmas. Otherwise, we stand to lose the best candidates.

Dr. de Laforcade stated that he loves this school and has faith in its commitment to giving our students the best education they are entitled to expect. He thanked Dr. Adams-Gaston, for being an amazing leader and person, and he thanked Dr. Fulton for bringing fresh initiatives and professionalism to a critical position. He agrees with Dr. Adams-Gaston that we have a top-notch board in what you do deserves greater attention on our part.

10. Provost Comments ............................................................................................Dr. DoVeanna Fulton

Dr. Fulton thanked Dr. de Laforcade for his comments and went on to say that it is the department's responsibility to develop job descriptions for whatever positions are needed. She understands that the departments need some assistance, so beginning this summer, we will begin to hire recruits to act in conjunction with the chair and searches for departments as well as chairs on search committees to both look at and find where postings should happen. Previously, all jobs
were only posted on the Virginia job site, therefore, you are going to get a limited pool. For the last two years, the chairs have been empowered to post the jobs nationally. Growing pains for sure, and it’s a new process and what is really needed is greater support for faculty to step into the process.

11. Contribution to NSU ........................................................................................................... Mr. Clifford Porter

Board Member Conrad Hall made a $1,00,000 donation to Norfolk State University.

12. Acknowledgements ........................................................................................................... Rector Devon Henry

Board Member Mary Blunt has decided not to return as a Board Member at Norfolk State University. Rector Henry thanked her for her service and her love for Norfolk State. She was presented with a plaque and flower.

Mrs. Blunt thanked everyone stating that this has been an incredible board to work with. This was her first HBCU experience and it was a wonderful one to serve. When she came on board four years ago, at the same time as three other board members, Norfolk State was in a place of need. NSU had a new President, half of the cabinet positions were open, there were several lawsuits, there was disarray in faculty, and a dwindling student body. And then NSU received a transformational gift of $40 million, which allowed the university to now focus on growth. And since that time, there has been growth in almost every area, athletics, scholarships, student body, faculty, and the administrative team. There were transformational relationships: Pharrell Williams, Apple, Micron, EVMS, IBM, and even to a certain extent, the legislative body in Richmond. She encourages everyone to keep setting transformational progressive goals and never forget that we serve the students. She thanked Dr. Adams-Gaston, Derika Burgess, Dr. Moses, and Dr. Fulton for their help with the committees, and she thanked everyone stating that she enjoyed every single minute. She closed with saying “see you later.”

Faculty Representative to the Board Dr. Geoffroy de Laforcade ended his second term as Faculty Representative to the Board.

Student Representative to the Board Indya Richards has ended her term with the Board.

Board Liaison Inda Walker has decided to retire.

2. Discussion Items

University Compliance
Dr. Hess collaborated with Chief Covington to address identified findings from the Clery Act internal audit conducted in August 2021. The Clery Act requires all colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses. Dr. Hess introduced Chief Covington to present updates on compliance gap closures and progress toward implementation:

- **Clery Geography Mapping**
  - Campus map was revised to include Clery Geography and was made available online June 2022

- **Governance and Management Oversight**
  - Created a functioning Clery Compliance Team

- **Compiling Data – Daily Crime and Fire Logs**
  - Supervisor report and daily bulletin are no longer used as daily crime logs. Clery officer updates bulletin to resolve conflicting data.

- **Compiling Data – Hierarchy Rules**
  - Trained all current officers and working on a process to train all incoming officers on Hierarchy Rules

- **Collecting Data – Campus Security Authorities (CSA)**
  - Developed and implemented Campus Security Authority policy (will soon be published on the NSU Policy Webpage)

- **Training, Education and Awareness**
  - Trained all officers on new CSA policy and working on a process to training incoming officers
  - Partnered with Human Resources
    - Incorporated into new employee on-boarding UPD presentation including Campus Security Authority information.
    - Posting links to Clery report on HR webpage
  - Revisiting Violence Prevention Committee and Threat Assessment Team policies
    - Currently the University is in compliance with our policy on Violence Prevention and Threat Assessment. Forthcoming, the Department of Education will be releasing new Virginia codes that become effective July 1.
An Environmental Health and Safety Compliance Assessment was conducted and led into research areas. The interconnection has resulted in some compliance gaps and audit challenges. Dr. Hess introduced Dr. Williams to speak about Compliance Interconnectedness via Research and a plan of action.

- **Designated Interim Vice Provost of Research and Innovation**
  - Dr. Aurelia Williams is currently the Interim Vice Provost for Research and Innovation. The permanent position is currently being advertised.

- **Development of a Communication and Procedural plan for the acquisition of new chemicals, hazardous materials and equipment used in research (including EHSRM and Export Control)**
  - Developing a communication and procedural plan for initiatives particularly as it relates to the acquisition of new chemicals, hazardous materials, etc.

- **Connected with Academic Affairs**
  - Developing a position for Laboratory Safety to ensure that Principal Investigators are compliant with their documentation and ensure that all faculty and students are aware of the procedures when handling chemicals, hazardous materials, and hazardous equipment.
  - Developing educational training for the Principal Investigators as well as utilizing MOAT training module system for annual certification of faculty and students.
  - Cynthia Duhe’-Harris is currently Interim Export Control Compliance officer.
  - An Export Control policy has been developed and reviewed by the Attorney General’s office. Dr. Williams has collaborated with Chris Skinner, who was authorized by the Office of the Attorney General, to assist in developing the Export Control program.
  - Interim Export Control Compliance officer, Cynthia Duhe’-Harris will be helping to develop the Export Control program at Norfolk State University.

Dr. Hess presented an update on Compliance Assessments for 2023-2024

- **Environmental Health and Safety & Risk Management and Buildings Services and Grounds**
  - Gap closures in progress

- **Researcher Compensation and Misconduct**
  - Gap closures in progress

- **Americans with Disabilities**
  - Assessment to commence Fall 2023 with planning and scoping currently in progress
3. **Internal Audit**

Mrs. Burgess presented an updated 2023 chart that reflects the current audit plan. The audit plan is used to identify areas of potential risk. The Office of Internal Audit performs a risk assessment around established priorities and goals annually. These are collected from various departments and units across campus including the institution’s strategic plan.

- As of April, 3 audits have been performed.
  - The process to develop and submit research proposals
  - Compliance with federal export control regulations
  - Controls over confiscated property and evidence

- Next, review processes used to perform employment verifications, drivers’ licenses, and backgrounds checks. The Internal Audit department will review how we identify and maintain physically safe grounds and workspaces by winter.

- The updated audit plan reflects proposed auditable areas:
  - gas and maintenance
  - purchase cards
  - recycling program
  - physical therapy
  - recovery programs

4. **Adjournment**

Chairman Bishop Brown adjourned the meeting at 9:26 a.m.

Respectfully submitted,

Office of Sponsored Programs

**Funding**
- Identifies potential sponsors
- Acts as official negotiator and contact with sponsoring agencies

**Documentation**
- Prepares transmittal letters
- Copies, Packages, and mails proposals
- Compiles electronic submission of proposals
- Reviews format and content

**Agreements**
- Reviews and approves:
  1. budgets,
  2. proposals,
  3. internal forms,
  4. external partnerships
  5. contracts

**Training**
- Provides online training and instructions and assistance thru entire grant cycle
Findings

- **Policies and Procedures**: not formalized; others such as Animal Care and Use, Researcher Misconduct and Intellectual property are outdated or unavailable on the OSP website.

- **Management Oversight**: Approval or review is not required by the Office of the Provost even in the event of exceptions or additional cost. As a result, stakeholders and management are unaware of the true costs associated with the grant.

- **Equipment**: Federal Code 2CFR 200.d maintenance procedures to keep the property in good working condition. In addition, The Office of Sponsored Programs attest by submission of a proposal that the university complies with these federal guidelines. However, there is no process to monitor maintenance, usage, and operability of equipment.

Mgmt. Updates

- **Policies and Procedures**: Draft policies have been created on Proposal Submissions, Animal Care, Research Misconduct and Research Compensation and all online links have been updated.

- **Management Oversight**: an OSP form has been updated to include grant construction costs and facility usage. We are still working to determine the best option to determine senior management involvement.

- **Equipment**: Deans and Chairs will provide a report to management on status of federally funded research equipment.
Findings

- Training: delivered via a power point presentation accessed online, as a result, there is no opportunity for PIs to ask and obtain answers to questions nor track training participation. Therefore, the level of researcher engagement cannot be determined.

- Process: Proposals are not submitted in accordance with suggested process flows or timelines found on the website. In addition, spending on awards occurs well after project start date.

- Performance: A document repository is needed to reflect proposal volume and workload. As a result, audit is unable to use metrics such as the volume of proposals submitted, incomplete or unfunded.

Mgmt. Updates

- Training: A list of topics have been submitted. A formal schedule and materials are still in development.

- Process: A single set of standards and timelines have been developed that will be enforced thru the Proposal Submission Policy

- Performance: Development of a monitoring activity or tracker is being discussed

Conclusion

Because there are multiple instances of non-compliance with organizational and federal requirements, the audit is rated as unsatisfactory. Internal Audit concurs with Office that the personnel shortage in the department has 1. moved sole focus to submitting proposals 2. impeded their ability to provide customers with prompt service. 3. contributed to a lack of departmental oversight and accountability. If the practices noted in the audit are not corrected it can result in decreased funding, and performance and compliance issues.
Thank you

IV. Discussion Items

o **Enrollment Management Updates – VCAN Program – Dr. Justin Moses**

  VCAN (Virginia College Affordability Network) – VCAN has aided NSU in promoting enrollment growth of in-state students while also providing college access for our students. The program offers a scholarship to students if they live within 45 miles of Norfolk or within 45 miles the city of Petersburg where Virginia State University is located. Requirements are that the student has to have at least a 2.3 GPA to be admitted as a first year student: a completed FAFSA on file, eligible for the Pell Grant based on their FAFSA application. As a result of the recent expansion of the radius, 25 miles to 45 miles, more students can take advantage of the scholarship.

  o In the fall of 2021, 127 participated in the program. Most of the students came from Newport News, behind that, of course, is Norfolk, Chesapeake, Virginia Beach and a decent amount from Suffolk, Hampton, and Portsmouth. A similar breakdown can be seen for the Fall 2022 cohort, we have an increase to 181 students. Combined we we currently have 308 students between the two cohorts. The upcoming cohort, as of now has 208 students as of two weeks ago. This morning, Dr. Alexander shared that we have fifty more students. The number may increase.

  o We have a sizable number of our students taking advantage of this program; we are getting more students to access but also for the Commonwealth of Virginia, we have more students that are looking to stay here in this region; that makes Norfolk State a much more viable option. Students can take advantage of this, we can provide them with the financial support that they need, as well as the academic and non-academic support.

• Mr. Hall asked Dr. Moses about the source of the money – Response: The money comes from the state. As of now we have had $4.4 million distributed to our VCAN scholars. The goal is to graduate a total of six hundred students from the VCAN program.

Dr. Alexander noted that the geographic area covers as far as close to Charles City, past Smithfield is the furthest distance covered, up to Mathews County.

Dr. Moses further commented that over the next year, we will produce data to see where we are with respect to the student success rates of the VCAN students. Ms.
Tiffany Little and Ms. Marlisa Sanders are two of the VCAN advisors who support our VCAN students. They connect with them at the beginning of the admissions process, meet with them often once they arrive, and offer general support whenever it is needed. We hope to have more VCAN scholars and hope to graduate them all.

- **Athletics – Melody Webb – A brief update on Athletics**
  
  - If you were to ask a student athlete what they think success is, I am sure you can get many different answers. I am also just as certain if you were to ask a fan, a spectator, or an alum what success is, it will also look different from the student-athlete response. Success has made different responses, but it is up to us how we define it for Norfolk State University. As much as we speak of success we must also speak of failure. Failure is not only okay, but it is necessary because it teaches essential lessons that will help student-athletes find success and encourages patience, persistence, and perseverance. It teaches them how to overcome adversity, which is the greatest lesson in sports.
  
  - A few more P’s I would like to use are Process, Progress, and Performance. Following the Process, and demonstrating progress leads to outstanding performances. It is a lot of work that goes on behind the scenes that makes everything look easy. Our student-athletes, coaches, and staff deserve and receive much praise. All athletes may see success at some point whether it is an individual achievement, team achievement, game by game or seasonal accolades but few enjoy the journey of achieving it.
  
  - Many will never see the success of conference championships throughout their tenure across the country. Ex. – Howard University won the men’s basketball championship this year, which was the first time they won in thirty years. Many think it should be easy, but championships are few, far, and in-between. One of the greatest coaches of all time, Coach K, coached forty-seven seasons and only won thirteen championships. Results matter but the journey is just as instrumental.
  
  - The department overall has done some amazing things over the year and produced some outstanding athletes:
    - We secured the cross-country championship.
    - We secured the men’s track and field championship 3 X and praying for the 4th we compete on May 10th on campus.
    - We secured the women’s basketball championship. This is the second time in D1 history and the first since 2002. Finished for the first time in the Top 25 Mid Major Poll.
    - We had three runner-up finishes with Men’s Basketball being a heartbreaking loss. Then our Women’s Cross Country and Women’s Track and Field also secured runner up and took second place.

In addition to championships, we had a host of player and coach accolades:
We had three Coach of the Year awards, MEAC Player of the Year, National HBCU Player of the Year, 1st Team All-Conference Honors, and a slew of other accolades that accompanies such feats.

One that I am extremely proud of is how we are continuing to tell our story. NSU Athletics has been ranked top 100 the last few months and waiting on the official ranking for March. With our best ranking being 78 out of approximately 363 DI institutions.

We are doing great things and how we tell our story will continue to allow us to celebrate our amazing student-athletes and coaches. We are on our way but with all things, it takes a little time to ensure we are continuing to grow in the right areas to ensure sustainability and to ensure we are competitive and not just fielding a team.

Data: Title IX compliance can be measured in multiple ways, including whether the overall program’s gender breakdown is proportionate to that of the general student body. And yet, the study found Division I athletics could not match that standard when examining data from 2020; women accounted for 54% of the undergraduate student body in Division I compared to that aforementioned 47.1% rate.

V. Closed Meeting

Motion was read by James Jamison, that the Committee adjourn and reconvene in Closed Meeting pursuant to: Section 2.2-3711(A) 1 and 8 of the Code of Virginia, for the following purposes, pursuant to the noted subsections:

(1) To discuss personnel matters, including more specifically, discussion of assignment, appointment, promotion, salaries, performance evaluations, as well as the promotion of, and granting tenure to certain university employees; and

(8) Consultation with legal counsel regarding specific matters requiring the provision of legal advice; along with any necessary consultation with legal counsel regarding matters noted in this motion; and further that the following remain for or attend, when called, the Closed Meeting: the President, the Provost, University Legal Counsel; and any non-committee member of the NSU Board of Visitors who would like to listen, but not participate or vote. Motion was seconded by Mr. Hall and with a 6-0 Roll Call Vote the Committee unanimously agreed.

VI. Open Meeting

Mary Blunt, Chair read the motion: Having reconvened in Open Meeting, we will now take a roll call vote on certification that (1) only public business matters lawfully exempted from open meeting requirements, and (2) only such public business matters as were identified in the motion by which the closed meeting was convened were heard, discussed, or considered in the meeting by the Committee of the Board. Any member of the Board Committee who believes that there was a departure from the requirements as stated above, shall so state prior to the vote, indicating the substance of the departure that in his, or her judgment, has taken place.
Motion was read by Dr. Watkins: Madam Chair, having heard, considered, and discussed in closed meeting the qualifications, attributes and recommendation by the Provost and President of the candidates for promotion and tenure, I recommend that this Committee approve the recommended candidates for tenure and promotion, as discussed in closed meeting, and that these recommendations and approvals be provided to the Full Board of Visitors at its next meeting for consideration and potential approval. Seconded by Mr. Hall, and with a 4-0 Roll Call Vote, the Committee unanimously approved.

VI. Public Comment

As was stated in the prior Committee Meeting, three Board Members are up for renewal, Mary Blunt, Heidi Abbott, and Bishop Brown. Mrs. Blunt has informed the Chairman that she does not desire to renew. Chairman Blake thanked Mrs. Blunt for her service. We now have one opening that needs to be filled. The Commonwealth will provide an input for the replacement, but we do have an opportunity to revise an input. We would like to have someone with a background in legal, higher education, and sponsored research. The process is more formal than in the past. A person has to fill out an application and get an interview. If anyone has a person in mind, pass that name on to Dr. Adams-Gaston.

4. Closed Session

Closed Meeting. Motion was read by Mary Blunt and seconded by Dr. Harold Watkins, and was unanimously approved with a 5-0 roll call vote.

Pursuant to Section 2.2-3711(A) 1, 4, 7, and 8 of the Code of Virginia, I move that this Norfolk State University Board of Visitors Committee go into Closed Session for the following purposes pursuant to the Noted Subsections 1 and 4, to discuss personnel matters, more specifically assignment appointment promotion, salaries, performance evaluation of specific employees and evaluation of performance departments or schools. Research evaluation will necessarily involve discussion of a performance of a specific certain university employees and to discuss compensation goals evaluation of performance of a high level University employee and discussion or evaluation of performance of departments of the university unnecessarily involves discussion regarding performance of individual employees and the protection of the privacy of individuals and personnel and personal matters not related to public business and Sections 7 and 8. A consultation with legal counsel and briefings by staff members where such consultation or briefing and open meeting would adversely affect the negotiating or litigating posture of the university along with any necessary consultation with legal counsel regarding matters noted in this motion. And optional further that the following remain for or attend when called to the closed meeting, the President, the OAG Education Chief, University Counsel, Athletics Director, and Ex Adviser to the President or the Government Relations, Provost, and the VP for Finance. And that any member of the NSU Board of Visitors be permitted to attend virtually or by phone.

Chair: having reconvened in open session we will now take a roll call vote so that each member of this Governance Committee can certify that the actions taken by this committee in closed session were pursuant to 2.2-3711 A 1 and 8 of the code Virginia, or for (1) only public business matters lawfully exempted from open meeting requirements, and (2) only such public business matters, as were identified in the motion by which the closed meeting was convened were heard, discussed, or
considered in the meeting by the Committee and any member of the Committee who believes that there was a departure from the requirements as stated above, shall so state prior to the vote, indicating the substance of the departure that in his, or her judgment, has taken place.
