Graduate Student Minimum Standard for Enrollment Status

Policy Title: Graduate Student Minimum Standard for Enrollment Status
Policy Type: Administrative
Policy Number: #35-09 (2022)
Approval Date: xx/xx/2022
Responsible Office: School of Graduate Studies and Research
Responsible Executive: Office of the Provost and Vice President for Academic Affairs
Applies to: Graduate Students

POLICY STATEMENT

In compliance with the Federal Student Aid (FSA) Handbook, Vol. 1, pages 1-30, 2020-21), Graduate or professional student definition for Title IV student eligibility purposes states that: a graduate or professional student is defined as a student who is enrolled in a program or course above the baccalaureate level or in a professional program and has completed the equivalent of three academic years of full-time study, either prior to entering the program or as part of the program itself. For more detail, see 34 CFR 668.2(b). A school may choose to define half time as half of the minimum fulltime standard established in the regulations even if this is less than half the full-time standard established by the school. For example, if a school sets 14 semester hours as full time, it could use 6 semester hours (one-half of the regulatory full-time minimum of 12) as half time instead of 7. In addition, the regulations specify a minimum standard for undergraduate students but not for graduate students.

Pursuant to the guidelines outlined in the FSA Handbook above that state an institution “may specify a minimum standard for undergraduate students but not for graduate students”, Norfolk State University’s standard is per credit hours and per semester (which includes any module within a semester) when determining these statuses. For academic and financial aid purposes, nine (9) credit hours or more per semester constitutes full-time for graduate-level students enrolled at Norfolk State University and a minimum of three (3) credit hours constitutes half-time enrollment.
