DEFINITIONS

Campus Community: Faculty, staff, employees, students, and visitors on or near Norfolk State University’s campuses;

Campus Security Authority (CSA): Individuals at the University who, because of their function
for the University, have an obligation under the Clery Act to notify the University of alleged
Clery Crimes that are reported to them in good faith, or alleged Clery Crimes that they may
personally witness. These individuals, by virtue of their position due to official job duties, ad hoc
responsibilities, or volunteer engagements, are required by federal law to report crime when it has
been observed by or reported to them by another individual. These individuals typically fall under
one of the following categories:

- A member of a campus police department.
- Individuals having responsibility for campus security in some capacity, who are not
  members of a campus police department (e.g., an individual who is responsible for
  monitoring the entrance to University property).
- People or offices that are not members of a campus police department, but where policy
directs individuals to report criminal offenses to them or their office.
- Officials having significant responsibility for student and campus activities, including but
  not limited to, student housing and student discipline,
- Official: Any person who has the authority and the duty to take action or respond to
  particular issues on behalf of the University.

**Common examples of CSAs include (but are not limited to):**

- Police and security personnel
- Athletic Directors
- Athletic Coaches
- Faculty advisors to student organizations
- Housing & Residence Life Staff
- Emergency Management
- Title IX Coordinators
- Band Directors

CSA's are determined by criteria established in United States Department of Education’s The

**Clery Act Crimes (Clery Crimes):** Crimes required by the Clery Act to be reported annually to
the University community, including: criminal homicide (murder and negligent/non-negligent
manslaughter); sex offenses (rape, fondling, statutory rape, and incest); robbery; aggravated
assault; burglary; motor vehicle theft; arson; hate crimes (including larceny-theft, simple assault,
imimidation, or destruction/damage/vandalism of property that are motivated by bias); dating
violence; domestic violence; stalking; and arrests and referrals for disciplinary action for any of
the following: (a) liquor law violations, (b) drug law violations, and (c) carrying or possessing
illegal weapons.
Clery Reportable Location: Property that is owned, leased, or controlled by the University which includes: (1) on campus, (2) on public property within or immediately adjacent to the campus, and (3) in or on non-campus buildings or property that the University owns, controls, or leases, is frequented by students and used in support of educational purposes.

Timely Warning/Community Alert: An alert triggered when the University determines that a crime which has already been committed but presents a serious or continuous threat (e.g., a homicide, sex offense or robbery) must be reported to the campus community.

Emergency Notification: An announcement triggered by a significant emergency event or dangerous situation involving an immediate threat to the health or safety of the University’s faculty, staff, employees, students, or visitors on University Grounds or at a separate campus. This expands upon the definition of Timely Warning/Community Alert to include both Clery Act crimes and other types of emergencies or events that pose an imminent threat to the campus community.

Emergency Notification System: A mechanism established for the purpose of and dedicated to enabling University officials to quickly contact or send messages to faculty, staff, employees, and students in the event of an emergency. Examples include but are not limited to, fire alarms, sirens, NSU alerts via email/text message, digital screens, etc.

POLICY CONTENTS

Norfolk State University is committed to maintaining a safe and secure environment for its faculty, staff, employees, students, and visitors. Requirements have been established to assist the University in complying with the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998,” (commonly referred to as the “Clery Act”) thereby facilitating compliance with the Clery Act and increasing overall safety on and near Grounds.
I. Requirements of the Clery Act

Specifically, the University will:

1. Publish an Annual Security Report (ASR)
   By October 1st each year, the Norfolk State University will publish an ASR documenting three calendar years of Clery crime statistics, security policies and procedures, and information on the basic rights guaranteed victims of sexual assault. All crime statistics must be provided to the U.S. Department of Education.

   This report must be made available to all current faculty, staff, employees, and students. In addition, prospective faculty, staff, employees, and students must be notified of the ASR’s existence and provided a copy upon request. Paper copies of the report will be available upon request from the Norfolk State University Police Department. In addition, Human Resources will publish a link to the ASR with a brief description on their web sites.

2. Identify, Notify, and Train Campus Security Authorities (CSAs)
   The University will identify positions which meet the definition of a CSA on an ongoing basis, and notify individuals in these roles of their obligations under the Clery Act to report all Clery Crimes that they witness, or are reported to them, which may have occurred in a Clery reportable location. The University requires that all CSAs complete training on their responsibilities and reporting requirements under the Clery Act. The University will provide such training on a regular basis.

3. Disclose Crime Statistics
   Crime Statistics for incidents that occur in Clery reportable locations must be disclosed.

   The Norfolk State University Police Department is responsible for gathering crime statistics from the Norfolk State University Police Department, Student Affairs, local law enforcement and other Campus Security Authorities (CSAs).

   The Clery Act requires reporting of crimes in the following categories:
   i. Criminal Homicide
      1. Murder & Non-Negligent Manslaughter
      2. Negligent Manslaughter
   ii. Sex Offenses
      1. Rape
      2. Fondling
      3. Statutory Rape
      4. Incest
   iii. Robbery
   iv. Aggravated Assault
   v. Burglary
   vi. Motor Vehicle Theft
vii. Arson  
viii. Domestic Violence  
ix. Dating Violence  
x. Stalking  

In addition to the aforementioned Clery Act crimes, statistics must be gathered for the following categories of arrests or referrals for disciplinary action if an arrest was not made:  

i. Liquor Law Violations  
ii. Drug Law Violations  
iii. Carrying or Possessing Illegal Weapons  

Statistics are also required for four additional crime categories if the crime committed is classified as a hate crime, for the crimes outlined above as well as the following:  

iv. Larceny/Theft  
v. Simple Assault  
vi. Intimidation  
vii. Destruction/Damage/Vandalism of Property  

4. Issue Timely Warnings/Community Alerts  
The University must provide Timely Warnings/Community Alerts about Clery Act crimes which pose a serious or ongoing threat to the campus community. This is determined by one (or more) University official(s) who has been pre-identified in the University’s Annual Safety Report. Because the nature of criminal threats is often not limited to a single location, Timely Warning/Community Alerts must be issued in a manner likely to reach the entire campus community. Timely Warning/Community Alerts may be issued for Clery crimes occurring in Clery reportable locations.  

Exception: Crimes that would otherwise be reportable but are reported to a licensed mental health counselor, in the context of a privileged (confidential) communication, are not subject to the Timely Warning/Community Alert requirement.  

5. Issue Emergency Notifications  
The University is required to inform the campus community about a significant emergency event or dangerous situation involving an immediate threat to the health or safety of University faculty, staff, employees, students, and visitors occurring on or near Grounds. An emergency notification expands the definition of Timely Warning/Community Alert as it includes both Clery Act crimes and other types of emergencies (e.g., fire, infectious disease outbreak, etc.). Emergency events may be localized; therefore, notifications may be tailored exclusively to the segment of the campus community at risk.  

The University also must have emergency response and evacuation procedures in place specific to its on-campus facilities. A summary of these procedures must be disclosed in
the ASR. Additionally, the emergency response procedures must be tested at least once, annually.

*Exception: Emergencies where issuing a notification would compromise efforts to assist a victim, contain the emergency, respond to the emergency, or mitigate the emergency are not subject to the emergency notification requirement.*

6. **Responding to Reports of Missing Students**

The University provides every student living in University housing the opportunity and means to identify an individual to be contacted in an emergency, including whenever the University determines that a student is missing.

The Norfolk State University Police Department shall investigate all reports of missing students and will notify and cooperate with other law enforcement agencies, as necessary, to further the investigation.

7. **Compile, Report, and Publish Fire Data**

The Higher Education Opportunity Act of 1998 (HEOA) amended the Clery Act to include fire statistics. The Norfolk State University Policy Department will produce an Annual Fire Safety Report (AFSR). The Department of Environmental, Health, Safety and Risk Management (EHSRM) must collect and disclose fire statistics for each on-Grounds student housing facility separately for the three most recent calendar years for which data are available in accordance with HEOA regulations. Each such facility must be identified in the statistics by name and street address, regardless of whether any fires have occurred.

Additionally, EHSRM will provide a description of the fire safety system in each student housing facility that is included in the AFSR. These descriptions should include mechanisms (e.g., fire extinguishers, fire doors, posted evacuation routes, etc.) or systems related to the detection, warning, and control of a fire. EHSRM will submit the AFSR to the Norfolk State University Policy Department for inclusion in the statistics reported to the U.S. Department of Education.

8. **Maintain a Daily Crime Log**

The University must maintain a daily crime log documenting the "nature, date, time and general location of each crime" reported to the Norfolk State University Police Department within the last 60 days, and the disposition, if known, of the reported crimes. Incidents must be entered into the log within two business days of receiving the report. The Daily Crime Log is available at the Norfolk State University Police Department during normal business hours. Requests for public inspection of daily crime log entries beyond 60 days must be made in writing and will be made available within two business days of the request.

9. **Maintain a Daily Fire Log**
The University must maintain a daily fire log documenting the nature of the fire, date the fire occurred, date and time the fire was reported and general location of each fire-related incident in an on-campus student housing facility reported to any University official. Incidents must be entered into the log within two business days of receiving the report and the previous 60 days of fire log entries must be available for public inspection during normal business hours. The Daily Fire Log is available at the University of Virginia Office of Environmental Health and Safety located at One Morton Drive, Suite 320 Charlottesville, VA 22903, during normal business hours. Requests for public inspection of daily crime log entries beyond 60 days will be made available within two business days of the request.
