Apple Mobile device Wi-Fi configuration

1. Find and press your Settings icon

2. On the Settings page, press the Wi-Fi tab.

3. On the Wi-Fi page Turn on your Wi-Fi

4. On the Wi-Fi page press on the NSUWIRELESS Tab.
5. On the **Credentials Page** type in your **NSU username** and **NSU password**. When you’re done press **Join**.

6. **Press Accept** to accept the **network certificate**.

7. Once the **check** appears in the **NSUWIRELESS tab** you are connected.
