Mission

Student Support Services is a federally funded program by the United States Department of Education. The program was established on the campus of Norfolk State University in July 1971.

The Norfolk State University Student Support Services Program is designed to provide an array of supportive services for 400 eligible participants. Each participant will receive full service while matriculating at NSU.

The overall purpose of the Student Support Services Program is to promote retention and graduation from Norfolk State University.

Who is Eligible?

1. Freshmen and sophomores enrolled at Norfolk State University
2. Students who have academic need
3. Students who meet the program income criteria
4. First generation students
5. Students with disabilities

All students must meet three or more of the above criteria.
