TREATMENT OF INSTITUTIONAL & PRIVATE FUNDS: POLICY CONTENT

Institutional and private award notification offers are directed to the Financial Aid Office. To ensure that no award exceeds the Cost of Attendance, these offers are evaluated and monitored individually based on the availability of merit and non-merit based aid. If an individual’s institutional and/or private award exceeds the Cost of Attendance, the institutional award will be adjusted downward until the student’s Cost of Attendance has been met. Each student will be notified of any change or cancellation of the institutional award through an updated award letter via their NSU email account.

The annual Cost of Attendance calculation may be adjusted based on the student’s academic classification. The School Deans will notify the Financial Aid Office of necessary extraneous expenses students may incur while attending NSU by March 1st for the upcoming academic year. Extraneous expenses may be added to the Cost of Attendance as allowable by federal regulations.

Institutional custodians of scholarships are required to submit the names and dollar amounts to the Financial Aid Office no later than June 15. Returning students should be registered prior to receiving scholarships. Names submitted after that time may not receive appropriate financial aid processing to ensure posting prior to class cancellation. This notification date ensures that students have time to receive an updated award letter via email account and plan for any shortages.

The Financial Aid Office will notify custodians of multiple institutional scholarships being
provided to an individual student, only if necessary. The Financial Aid Office will notify institutional custodians of modifications or cancellations of institutional awards, only if necessary. The Financial Aid Office will notify private donors and/or University Advancement of modifications or cancellation of private awards. The responsibility of this assurance rests with the Financial Aid Director. The Assistant Vice President for Enrollment Management has final review authority for institutional financial aid distribution, if warranted.
