WRITE-OFF OF RECEIVABLES POLICY CONTENTS

Accounts will be written-off the University's financial accounting system when collection procedures have been conducted without results and management deems the accounts uncollectible. Write-offs will be authorized by the Vice President for Finance and Administration. Accounts written off will not be considered settled and may be reinstated upon renewed contact with the debtor. After write-off, these accounts shall continue to be submitted to an external collection agency and Department of Taxation for debt set-off proceedings.

The Student Accounts Office will review the collection status of all past-due accounts and make recommendations to the University Controller and the Vice President for Finance and Business Administration, regarding those accounts that are determined to be uncollectible on a quarterly basis.

The Vice President for Finance and Administration will report all write-off activity to the President and the Board of Visitors annually.

Any account over four months old (90-121 days after the end of the semester) and internal collection procedures have been followed and documented may be approved for write-off.

Upon write-off the following procedures will be followed:

1. The account will be submitted to the Virginia Debt Set-off Program if greater than \$5.00 after being written off.
2. The account will be placed with the University's collection agency if greater than \$50.00.
3. Account will be assigned to the Attorney General's office (AGO) or its designated attorneys if greater than \$3,000.00 and more than 59 days past due. If the account has not been assigned to an attorney because the University believed the debt was uncollectible, documentation of how this was determined must be on file. Accounts without valid notes or contracts or for which the responsible party cannot be located are eligible for write-off without litigation efforts. Exceptions to sending accounts over \$3000.00 to the AGO include having a written payment agreement signed by the debtor or financial aid pending disbursement.

4. Accounts of any amount, regardless of age, may be approved for write-off upon receipt of bankruptcy discharge, death certificate, certification of permanent disability or accounts determined uncollectible by the University.

The University will maintain a record of the written-off accounts and will attempt to collect the debt on the account in cases where there is renewed contact with the debtor.
